PHILADELPHIA, PA.

Dreer's Quarterly Wholesale Price List.

April—June, 1899.

SEED DEPARTMENT.—This is in charge of trained experts, and whether your wants may be in Flower, Vegetable, or Agricultural seeds, you may be sure to get only the choicest.

PLANT DEPARTMENT.—Our stock of decorative plants, etc., etc., is now very complete in a full line of sizes, from small seedlings for growing on, to specimens of the most useful decorative sizes. The plants are all in a clean, healthy, vigorous condition, thrifty and well-grown, and will compare favorably with stock distributed by us in previous seasons.

Whenever possible, we solicit a personal inspection of our stock. Our nurseries at Riverton, N. J., are within easy reach from either Philadelphia or New York, and something of interest will always be seen.

A time card of trains, with directions how to reach the nurseries, will be mailed to anyone applying.

LOW EXPRESS RATES ON PLANTS, BULBS AND SEEDS.—We are shipping by express lines to all parts of the country, goods, packed in closed boxes at a reduction of 20 per cent. from regular rates of merchandise. Prepaid 4 pound packages of seeds, plants, and bulbs are carried to California and all distant points for 30 cents each.

By our careful and thorough system of packing, we **Guarantee Safe Delivery** of Plants and perishable goods, when ordered to be sent by **Express**, and we always ship this way unless we have positive instructions to the contrary.

Plants and other perishable goods, when sent in any other way, are solely at Purchaser's Risk.

PRICES.—This list cancels all previous offers. The prices quoted in this list are net, and subject to no discounts. All orders from the trade will be priced according to this list, articles offered in our Retail Catalogue and not offered in this list will be supplied at retail prices less the following discounts, viz.: Vegetable and Flower Seeds, in packets, Bulbs and Plants, 33½%; Small Tools and Insecticides, 10%; Lawn Mowers, 5%.

TERMS OF BUSINESS.—Unknown correspondents desiring to open an account, will please furnish satisfactory reference, otherwise cash must accompany order. To parties of approved credit all bills will be due and payable Ninety (90) days after date of invoice.

 Remittances should be made by Post Office Money Orders, Drafts on New York or Philadelphia banks, or Express Money Orders. Where it is not possible to obtain these, the letter should be registered. We cannot guarantee receipt of money sent in any other way.

 Goods desired C. O. D. must be accompanied by a partial remittance to guarantee acceptance.

All goods are offered subject to being unsold on receipt of order, and we reserve the right to advance prices without notice.

 No charge is made for boxes or packing, nor for delivery to Freight Depots or Express Offices.

 In filling out your order, always give **Shipping Directions**, and write **Name and Address** Distinctly.

NON-WARRANTY.—We wish it to be distinctly understood, that although we continue to take all possible pains to supply only New, Genuine and unadulterated Seeds, Plants and Bulbs, we still give no warranty, express or implied, as to description, quality, productiveness, or any other matter of any of the Seeds, Plants, or Bulbs we send out, and will not be in any way responsible for the crop. Every order received for articles named in this Catalogue will be executed on these conditions only.

	Caladiums Fancy-Leaved. 25 choice varieties			November.	

Should you wish quotations on any articles not enumerated in the foregoing list, we will be pleased to furnish same on application.

PLANT DEPARTMENT.

Our stock of decorative plants, such as Palms, Ferns, Pandanus, Ficus, Araucaria, etc., etc., is now very complete in a full line of sizes, from small seedlings for growing on, to specimens of the most useful decorative sizes. The plants are all in a clean, healthy, vigorous condition, thrifty and well-grown, and will compare favorably with stock distributed by us in previous seasons.

Our Measurements of Plants, where given, as in the case of Araucarias, Palms, etc., etc., means the height of the plant from the top of the pot to the top of the plant in its natural position. We make this explanation of our way of measuring, as many growers contend that the proper measurement is from the bottom of the pot to the tip of the longest leaf, and make their offers in that way.

An Invitation. Whenever possible, we solicit a personal inspection of our stock. Our Nurseries at Riverton, N. J., are within easy reach from either Philadelphia or New York and something of interest will always be seen. A time card, with directions how to reach the Nurseries, will be mailed on application.

ACALYPHA SANDERI.

Acalypha Sanderi.

Without a doubt the most sensational new plant introduced for many years, and one of the most striking flowering ornamental plants we have ever seen. It is of strong free growth with large dark green leaves, from each axil of which, one to two feet long and nearly one inch thick, rope-like spikes of velvety crimson flowers are gracefully suspended, as shown in our illustration, which conveys but a faint idea of the habit and distinct warm coloring of this splendid acquisition.

The plant is in flower the year round and is as easily grown as a Coleus, simply requiring a warm temperature to develop its full beauty. 2½ inch pots, 35 cts. each; \$3.50 per dozen; \$25.00 per 100.

Acacia Armata.

A pretty spring flowering variety which produces its flowers in globular heads from the axils of the foliage in such a manner as to completely envelope the plant in a pleasing light yellow; an excellent plant for Easter forcing, succeeding under the same culture as the Azaleas. A nice lot of bushy plants. 12 to 15 inches high; 5 inch pots, 50 cents each; \$5.00 per doz.

Aralia Chaubrieri.

A pretty decorative plant with finely divided bronzy green foliage; makes a fine exhibition plant. Strong 6 inch pots, \$1.00 each.

AGERATUM PRINCESS PAULINE.

Ageratum Princess Pauline.

A most distinct and novel variety of dwarf compact habit, rarely exceeding five inches in height, its peculiarity being that both colors, blue and white, are combined in the same flower; the body of the flower being white, while the stamens are of a light sky blue, giving the flower a pretty, variegated appearance; one of the most distinct new bedding plants, and a most desirable plant for the retail trade. 75 cts. per dozen; \$5.00 per 100.

Agapanthus Umbellatus Mooreanus.

This compact growing variety of the "African Blue Lily," though introduced in 1879, has been but little disseminated, not because its value was not known, but on account of scarcity. We have now succeeded in working up a large stock which enables us to offer it at a popular price. It is of dwarfer, more compact habit than the type and much freer flowering, even the smallest plants throwing up strong flower spikes, with large umbels of 30 to 50 beautiful dark blue flowers. The plant is almost hardy and requires but little protection, and will thrive under almost any conditions. 20 cents each; \$2.00 per dozen; \$15.00 per 100.

Alocasia Sanderiana.

The most beautiful and striking of the genus. The leaf is arrow-shaped with deeply toothed margin, which, like the veins and mid-ribs, are creamy-white, while the body of the leaf is deep glossy green with metallic-blue reflection. 3½ inch pots, \$1.50 each.

ARAUCARIA EXCELSA.

Anthuriums.

Andreanum Hybrids. A fine collection of seedling plants from which we can select the following colors, all in large sized flowers, brilliant scarlet, salmon, dark red and rose. 75 cts. and \$1.00 each.

Grande. A pretty foliaged variety, with rich velvety green leaves, the principal veins being banded with silvery white. 75 cts. and \$1.00 each.

Scherzerianum. Brilliant scarlet flowers, 50 cts. each.

Scherzerianum Rothschildianum. Creamy white spotted with crimson. \$1.50 each.

Scherzerianum Sanguineum. Crimson. 75 cts. each.

Anthemis Coronaria fl. pl.

(Double Golden Yellow Marguerite.)

2½ inch pots, 75 cts. per doz.; \$6.00 per 100.

Araucaria Excelsa.

Norfolk Island Pine.

We have an unusually large stock of fine plants of this beautiful decorative plant, especially of the small and medium sizes, for which the demand is always certain.

4 inch pots, 6 to 8 in. high, 2 to 3 tiers, 60 cents each.

5 " " 10 to 12 " " 3 " \$1.00 each.

6 " " 15 " " 3 to 4 " 1.25 "

Araucaria Excelsa Glauca.

5 inch pots, 8 inches high, 2 tiers, \$1.00 each.

Araucaria Robusta Compacta.

The finest lot of this grand variety we have ever been able to offer.

6 inch pots, 10 to 12 inches high, 3 tiers, \$1.50 each.

6 " " 12 to 14 " " 3 " 1.75 "

7 " " 15 to 16 " " 3 " 2.00 "

Asparagus Sprengeri.

This variety is becoming more popular every season, the demand during the past winter having been exceptionally strong. We offer a fine lot of plants in 2 inch pots, \$6.00 per 100; \$50.00 per 1000.

3 inch pots, \$1.00 per dozen; \$8.00 per 100; \$75.00 per 1000.

Fresh seed of above, \$1.00 per 100; \$9.00 per 1000.

Asparagus Plumosus Nanus.

Grand for cutting either in strings or smaller pieces.

3 in. pots, \$1.25 per doz.; \$10.00 per 100; \$90.00 per 1000.

Fresh seed of above, \$1.25 per 100; \$10.00 per 1000.

AZALEAS

FOR EASTER

SPECIMEN AZALEA.

We are carrying in stock an immense quantity of Azaleas for Easter forcing; the plants are in good condition and finely set with buds; the varieties we offer are only the best commercial sorts, but selection of same at this late date must be left to us.

As these plants can be more safely shipped when in bud, we wish to impress the importance of immediate orders. We will not be responsible for injuries arising from late shipments when the buds are developed.

	In. Diam.	Per doz.	Per 100.
5 in. pots, nice bushy crowns	10 to 12	\$5 00	\$40 00
5 " " " "	12 to 14	6 00	50 00
6 " " " "	13 to 15	9 00	70 00

Specimen plants at \$1.00, \$1.50, \$2.00, \$2.50 and \$3.00 each.

Azalea Pontica. (Hardy Ghent Azalea.)

A fine lot of bushy plants 18 to 24 inches high, nicely set with buds, \$6.00 per doz.; \$45.00 per 100.

Azalea Mollis.

This hardy Azalea is used extensively in all European cities for early forcing and are great favorites on account of their varied and brilliant coloring.

We offer a fine lot of very bushy plants, 12 to 15 inches high, well covered with buds, at \$6.00 per dozen.

ASPARAGUS SPRENGERI.

We draw your special attention to the Estimate Blank enclosed with this catalogue. If you will furnish us with a list of your requirements in Azaleas, Tuberous Begonias, Gloxinias, etc., we will be pleased to quote you special prices on same for delivery Autumn '99.

TUBEROUS BEGONIAS.

Tuberous-Rooted Begonias.

The strain of Tuberous-Rooted Begonias we offer is too well known to require lengthy description, suffice it to say that we have used the same care this as in previous seasons, to select only such strains that are certain to give satisfactory results. The bulbs are of good size, well ripened and first-class in every respect.

Note the reduction in prices, which are as low as is consistent with good quality; the retail florist who is growing a few hundred bulbs for his spring trade, to sell over the counter in bloom, will find many of the cheap indifferent strains now offered dear at any price. We offer but one quality, and that is the best.

Single Varieties in Separate Colors. Crimson, scarlet, white, rose, yellow and orange. 50 cts. per doz; \$3.00 per 100; \$25.00 per 1000.

Single Varieties in Choice Mixture. 40 cts. per doz; \$2.50 per 100; \$20.00 per 1000.

Double Varieties in Separate Colors. Scarlet, rose, white and yellow. 75 cts. per doz; \$6.00 per 100; \$50.00 per 1000.

Double Varieties in Choice Mixture. 60 cts. per doz; \$5.00 per 100; \$45.00 per 1000.

New Frilled Tuberous-rooted Begonia.

A most unique form, with very large single flowers which are entirely distinct from anything heretofore offered, the petals being wavy and beautifully frilled on the edges similar to the newer forms of petunias. A decided acquisition. Strong bulbs 25 cts. each; \$2.50 per doz.

New Tuberous-rooted Begonia, "Duke Zeppelin."

A most useful and attractive variety that should soon become a favorite for bedding, possessing the great advantage over other tuberous-rooted Begonias of delighting in full sunshine. It is of dwarf habit, growing from 6 to 8 inches high, throwing up well above the foliage numberless stems bearing full, double dazzling-scarlet flowers, giving the whole plant a brightness, grace and elegance difficult to describe. No other flowering plant attracted so much attention during the past summer as this brilliant Begonia. Strong bulbs, 20 cts. each; \$2.00 per doz.; \$15.00 per 100.

NEW FRILLED TUBEROUS BEGONIA.

We draw your special attention to the Estimate Blank enclosed with this catalogue. If you will furnish us with a list of your requirements in Azaleas, Tuberous Begonias, Gloxinias, etc., we will be pleased to quote you special prices on same for delivery Autumn '99.

STANDARD OR TREE-SHAPED BAY.

PYRAMIDAL-SHAPED BAY.

Bay Trees. (Laurus Nobilis.)**Standard or Tree-shaped.—(See cut.)**

Stems 45 in. high, crowns 36 in. in diam.....	\$10 00 each.
“ 45 “ “ “ 40 “ “	12 50 “
“ 45 “ “ “ 48 “ “	15 00 “

Also a lot of young plants in 8 inch pots, crowns 12 to 15 inches in diameter, \$2.50 each.

Pyramidal-shaped.—(See cut.)

5½ feet high, 34 inches in diam. at base.....	\$7 50 each.
7 “ “ 36 “ “ “	10 00 “
8 “ “ 40 “ “ “	12 50 “
8 “ “ 44 “ “ “	15 00 “

Also a lot of small plants in 9 inch pots, 36 to 42 inches high, and 15 inches in diameter, \$2.50 each.

Caladiums Fancy Leaved.

These handsome variegated varieties are again coming into strong demand. For a few years they seemed to have gone out of favor, but the many new sorts shown during the past two years has created new interest in them. We offer a beautiful collection of 34 distinct varieties at \$2.00 per doz.; \$15.00 per 100. Strong dormant bulbs as long as in stock after which green plants will be supplied.

Fancy Leaved Caladium Argyrites.

We have a good stock of this desirable dwarf variety which is not only useful as an ornamental plant, but which can be used to great advantage and with beautiful effect in connection with cut flowers. 25 cts. each; \$2.50 per doz.; \$20.00 per 100.

New Fancy Leaved Caladium Albanense.

The introducer describes this as an entirely new race of Caladiums. The leaves are borne on stout petioles, but unlike our well known varieties are spear-shaped and of thick leathery texture. The colors are red, green, and creamy yellow, radiating from the centre of the leaf, while the wavy edges are margined with green gray. 50 cts. each; \$5.00 per doz.

New Golden Yellow Calla, Richardia Elliottiana.

The first bulbs of this grand new variety were brought to England by Captain Elliot, from Central Africa, in 1892, and were sold at auction in London at fabulous prices, single bulbs bringing \$25.00 each. Since then the stock has been increased so slowly that even during 1898 the price in England has been from \$4.00 to \$5.00 each.

We have been fortunate in securing a limited lot at a special advantageous price and are now in a position to offer good bulbs of the true variety at the low price of \$1.50 each.

The plant has the same habit of growth as the ordinary White Calla, *R. Ethiopica*, with flowers of the same size and shape, but of a rich, clear, lustrous golden-yellow color; the foliage is dark green, with a number of translucent creamy-white spots, which adds to its beauty.

We can also supply strong bulbs of the old variety of Yellow Calla (*Richardia Hastata*) at 50 cts. each.

Crotons.

These are one of the coming plants for bedding. We offer a choice collection of 12 varieties, for names and description see page 108 of our Retail Catalogue.

3 inch pots, 20 cents each; set of 12 for \$2.00; \$15.00 per 100.

Cycas Revoluta.

(Sago Palm.)

We are now booking orders for dormant stems which are expected to arrive early in May; stems from 6 to 24 inches at 10 cents per pound.

We shall be pleased to give special quotations on lots of 500 or more pounds.

**NEW CARNATIONS FOR 1899. (Rooted Cuttings.)***(Introducer's descriptions.)*

America. (Hill). Color pure scarlet of soft even shade, strong vigorous grower, flowers of good size, very free. \$1.50 per doz.; \$10.00 per 100; \$75.00 per 1000.

Anna Eastburn. (Eastburn.) A very double snow white, nicely fringed high built flower, with strong calyx, very fragrant, habit erect and one of the most vigorous growers, with a long stiff stem; a steady bloomer; \$1.50 per doz.; \$8.00 per 100; \$70.00 per 1000.

Cardinalis. (Shelmire.) Deep scarlet flowers 2½ to 3 inches and well formed, good keeper, stems 2 to 3 feet, upright grower, not bushy, and can be grown close. \$2.00 per doz.; \$10.00 per 100; \$75.00 per 1000.

Duke of York. (Shelmire.) White, lightly striped with pink, large and perfect flowers that do not burst, stems very long and stiff, prolific for a large flower, and comes into bloom early; plant bushy and vigorous. \$2.00 per doz.; \$10.00 per 100; \$75.00 per 1000.

Emiline. (Shelmire.) Magenta pink, flowers of largest size, averaging 3 inches when well grown; plants bushy and needs plenty of room. \$2.00 per doz.; \$10.00 per 100; \$75.00 per 1000.

General Gomez. (Ward). Brilliant cardinal maroon, 2½ to 2¾ inches in diameter, fine stems, 16 to 24 inches long, strong vigorous healthy habit, blooms fully as freely as Portia, resembles Scott in habit, and seems to have as good a constitution as that variety. \$2.00 per doz.; \$10.00 per 100.

Glacier. Purest snow white, 2 to 3 inches across on stiff stems, 10 to 15 inches long; enormously prolific and early bloomer, an easy grower, thriving under almost all conditions. \$2.00 per doz.; \$10.00 per 100.

General Maceo. (Ward). Ground color, deep brilliant scarlet overlaid with maroon; making one of the darkest and richest Carnations yet seen, fully as rich and striking as the Meteor rose, flowers large; under extra culture, blooms have been produced 3 inches across on stems 20 inches long; a vigorous grower, and a most profuse bloomer. \$2.00 per doz.; \$10.00 per 100.

G. H. Crane. (Dorner). We do not hesitate to recommend this as the coming scarlet Carnation; a large flowering sort (averaging 3 in.) producing both quality and quantity; model in growth, stem, flower and color; comes into flower early, and continues an even all season bloomer. \$2.00 per doz.; \$10.00 per 100; \$75.00 per 1000.

Liberty. (Shelmire). Dark pink or perhaps nearer a brilliant red, a very desirable shade, flowers of good size, very prolific, early, stiff stems, rather dwarf in growth, but of good size, very bushy habit. \$2.00 per doz.; \$10.00 per 100; \$75.00 per 1000.

Mary A. Baker. (Eastburn). A large full white flower of good form, nicely fringed and very fragrant, strong calyx, never bursts, long stiff stems, habit like McGowan, but more vigorous, blooming earlier and more abundant, a good summer bloomer. \$1.50 per doz.; \$8.00 per 100.

Progress. (Shelmire). White, lightly pencilled with dark pink, stems long and very stiff, flowers 2½ to 3 inches, never burst, continuous bloomer, upright growth. \$2.00 per doz.; \$10.00 per 100; \$75.00 per 1000.

Melba. (May and Craig). This is a grand combination of good qualities, free, early and continuous bloomer, in color, the finest pink yet produced, large and perfect form, very fragrant, long stiff stems. \$2.00 per doz.; \$10.00 per 100; \$75.00 per 1000.

NEW CARNATIONS.—Introduced in 1898. (Rooted Cuttings.)

Argyle. Lovely shade of carmine pink, vigorous grower free bloomer. \$1.00 per doz.; \$5.00 per 100; \$45 per 1000.

Bon Ton. Bright soft scarlet, large deeply fringed flowers, stiff stems, very productive. \$1.00 per doz.; \$5.00 per 100; \$40.00 per 1000.

Cathleen Pantlind. Color a shade or two darker than Daybreak. \$1.00 per doz.; \$5.00 per 100; \$40.00 per 1000.

Empress. Magnificent bright rich crimson, deeply fringed, and delightfully fragrant, vigorous grower. \$1.00 per doz.; \$5.00 per 100; \$40.00 per 1000.

John Young. Very double snow white flower, finely fringed, splendid calyx, stem strong, stiff and wiry. \$1.00 per doz.; \$5.00 per 100; \$40.00 per 1000.

Gold Nugget. Color of Buttercup with probably less of the red striping, strong grower and very free; a fine keeper. \$1.00 per doz.; \$6.00 per 100; \$50.00 per 1000.

Evelina. A large pure white of good form and substance. \$1.00 per doz.; \$5.00 per 100; \$40.00 per 1000.

Mrs. S. A. Northway. White, shaded soft shell pink, changing to almost pure white when fully developed, \$1.00 per doz.; \$5.00 per 100; \$40.00 per 1000.

Mrs. Jas. Dean. Clear silvery pink, continuous bloomer. \$1.00 per doz.; \$5.00 per 100; \$40.00 per 1000.

New York. Bright cerise pink, magnificent color under artificial light. \$1.00 per doz.; \$5.00 per 100; \$40 per 1000.

Outcast. Very bright red of medium size, good stems. \$1.00 per doz.; \$5.00 per 100; \$40.00 per 1000.

Wellesley. Intense bright scarlet, early and free bloomer. \$1.00 per doz.; \$5.00 per 100; \$40.00 per 1000.

White Cloud. White, habit same as Daybreak, but taller, stronger, more vigorous and much freer bloomer. \$1.00 per doz.; \$5.00 per 100; \$40.00 per 1000.

CANNAS.

New Orchid-Flowered Italian Varieties.

Among the most startling novelties in Cannas three years ago were the two Orchid Flowered Varieties, Austria and Italia, since then many additions have been made to this class. Last year we had thirty varieties in our trial grounds, all of which were handsome, but many of the sorts were nearly identical. We have therefore reduced our list to the ten varieties enumerated below, and feel safe in saying that they comprise not only the most distinct, but the "cream" of the Italian introductions to date.

The habit of growth of all these varieties is very similar, being remarkably vigorous and under liberal cultivation they attain a height of 6 to 8 feet, while their flowers frequently measure 6 inches across. They are not of as heavy texture as the French varieties, therefore do not last as long, but are produced with the greatest freedom.

America. Magnificent bronzy foliage mottled with green, having a peculiar lustre, appearing as if varnished; flowers rich orange-salmon, feathered and veined with scarlet. \$1.00 per doz.; \$8.00 per 100.

Allemania. Exceptionally large flowers, frequently measuring 6½ inches across, the upper petals salmon with broad border and markings of golden-yellow, while the lower petal is dark salmon marked with yellow in the centre; foliage dark green. \$1.00 per doz.; \$8.00 per 100.

La France. Similar to America, but with still darker foliage and of more compact habit; flowers orange-scarlet. \$1.00 per doz.; \$8.00 per 100.

Partenope. Dark orange, shaded with yellow; a fine large flower. \$1.00 per doz.; \$8.00 per 100.

Pluto. Rich bronzy-red foliage; flowers red, flamed with orange. \$1.00 per doz.; \$8.00 per 100.

Prof. Treub. Purple foliage, with large flowers of orange-red splashed with yellow. \$1.50 per doz.; \$10.00 per 100.

One each of the above 10 Italian Varieties for 75 cts.

NEW LARGE FLOWERING CANNAS OF AMERICAN ORIGIN.

It is a pleasure to offer four such fine Cannas as are presented in this set. Many of the best of the so-called French Cannas of recent introduction have been of American origin, and with the strides now being made by American Hybridizers and climatic conditions especially suited to their requirements, we look for the best novelties of the future to be of home production.

President McKinley. Color brilliant crimson with bright scarlet shading. Truss large, compact, of good shape and held well above the foliage, and are produced freely and evenly. Plant is dwarf 3 feet; foliage deep green with marked chocolate margin. Plant stools freely, is a compact even grower. It is one of the earliest bloomers, coming into flower when 14 to 18 inches high and blooming continuously thereafter. The effect when massed is extremely brilliant. The contrast between the flowers and foliage being rich, chaste and effective. A marked improvement upon all crimson Cannas introduced to date. Undoubtedly the king of crimson bedders. 15 cts. each; \$1.25 per doz.; \$10.00 per 100.

President Cleveland. A variety that originated in Washington, D. C., where it is used very extensively in the grounds of the various departments. It is of strong robust habit, growing about 3 feet high, with rich green foliage. The flowers, which are bright orange scarlet, are borne in enormously large trusses, standing well above the foliage, making it very conspicuous; an excellent sort for massing. 15 cts. each; \$1.25 per doz.; \$10.00 per 100.

Sam Trelease. This handsome variety originated with Mr. James Gurney, Superintendent of Tower Grove Park, and Head Gardener of the Missouri Botanical Gar-

dens, and was admired by everyone who saw it in our grounds last Summer; in fact, many prominent Canna growers considered it the best and most distinct new variety in our fields. The greatest merit of this variety is that the flowers open out flat, which, with its very broad petals, which are of good substance, makes a large nearly perfect circular flower, different from all other sorts. In color it is the nearest approach to a pure scarlet yet introduced. Very rich and glowing; the edges and centre are marked with yellow, about the same as in Mme. Crozy. It grows about 3 feet high, with large, freely-branching spikes of flowers, which are thrown above the foliage and of just sufficient height to show them to best advantage. In freedom of flowering we know of no variety that compares with it, and we feel certain that it will soon become one of the popular standard sorts. 15 cts. each; \$1.50 per doz.; \$12.00 per 100.

Sunray. An entirely distinct striped variety. The flowers are of large size, open out well, and are produced very freely. The ground color is a rich bright yellow, with stripes and dashes of bright scarlet running through almost to the edge of the petals, producing a unique and bizarre effect. 15 cts. each; \$1.25 per doz.; \$10.00 per 100.

ALLEMANIA.

Our Standard Dozen of Well-tried Cannas.

The twelve varieties enumerated below are a selection of sorts that have proven themselves perfect in every way, and which will succeed under the most adverse conditions, in dry as well as in wet seasons. All are of uniform, vigorous growth, and whether planted singly or in masses will make a display certain to give full satisfaction. As we grow many thousands of each, we are in a position to offer them at exceptionally low prices.

Alphonse Bouvier. Although introduced in 1891, it still stands at the head of tall crimson varieties. A strong grower with bright green foliage. Very floriferous, and under fair conditions grow 6 to 7 feet high.

Admiral Avellan. The best of the red-leaved French varieties. On account of its clean, uniform growth, attaining a height of about 5 feet, each plant will be the counterpart of its neighbor, thereby producing a most desirable effect when used in masses. The flowers while not as large as some of the recent introductions, are of good size, of a peculiar shade of scarlet, overlaid with salmon, giving a rich luminous effect.

Aurore. In our field of over 10 acres of Cannas during the past three years, this has always attracted visitors by its intense brilliant orange flowers, which are of large size, produced on strong trusses standing the proper height above the bright green foliage. 4½ feet high.

Charles Henderson. A grand variety of a fine crimson color that has become very popular. While it is not quite as rich in color as Alphonse Bouvier, its habit of growth is much more compact, rarely exceeding 3½ feet in height, which makes it a desirable companion to such varieties as Florence Vaughan and Madame Crozy.

Egandale. A most excellent variety, with bronzy foliage and soft currant-red flowers, which are thrown well above the foliage; the best of its type, attains a height of about 4 feet.

Florence Vaughan. Undoubtedly one of the finest yellow spotted varieties yet sent out; in color it is of a bright rich golden-yellow, spotted with bright red; the flowers, which are of the largest size, of great substance and of perfect form, are borne in large heads and in the greatest profusion; the foliage is massive and of a rich green color; the plants rarely exceed 3½ to 4 feet in height.

Furst von Hohenlohe. An ideal yellow bedding Canna. Its flowers are of fair size, the upper petals of purest yellow, the lower one slightly marked with crimson. Its strong points are its great floriferousness, neat compact habit, large spikes of flowers, and the fact that at the distance of only a few feet it appears as a pure yellow. We place it at the head of the list of yellows. 3 feet high.

Price, any of the above; 50 cts. per dozen; \$4.00 per 100; \$35.00 per 1000.

TWO GRAND DARK-LEAVED INDIAN CANNAS.

Black Beauty. The handsomest Indian Canna yet introduced, with large massive foliage of the richest bronzy purple color shaded with black, the edges of the leaves having a peculiar wavy margin. Where foliage effect alone is desired, nothing richer or more handsome can be found. 30 cts. each; \$3.00 per dozen.

F. Neuvesel. This is a splendid sort of a soft pleasing shade of carmine; of good size and excellent habit, the foliage is dark green with bronzy markings; it is of a strong robust habit, growing 4½ feet high. Very effective.

Madame Crozy. The flowers of this well-known and popular variety are of a bright crimson scarlet, bordered with golden-yellow. The plant is if a vigorous growth yet dwarf in habit, rarely exceeding 4 feet in height. Foliage bright green, and very massive. The flowers are produced on large branching stems which are closely set with bloom, each stem being really a bouquet in itself.

Millie Berat. The nearest approach to a pink in a first-class bedder. Many of the sorts heretofore offered as pink, while very pretty in the individual flower, have a "washed-out" appearance, both on the single plant or when planted in masses. In this variety, however, the larger the mass the finer the effect, and when planted in conjunction with yellow and high-colored reds it is simply superb; height, 4 feet.

Queen Charlotte. The finest of all the gilt-edged varieties. The plant attains a height of about three feet and is furnished with heavy bluish-green foliage; the enormous flower-spikes, towering grandly above the foliage, bear a beautiful bouquet of large flowers of perfect form, with petals of a rich scarlet crimson, broadly banded with bright canary yellow. 3 ft. high.

Souvenir d'Antoine Crozy. The richest gilt-edged variety yet introduced; the flowers are large, with well-rounded petals, which are of intense scarlet

crimson, rich and dazzling, and are bordered with a broad rich golden yellow band; in habit the plant is all that could be desired, being of strong, vigorous but dwarf habit, forming symmetrical compact plants about 3 feet high.

PRESIDENT MCKINLEY.

Bassett's Red. A grand bronze-leaved variety of the old Indian Canna with intense bright bronzy red foliage, valuable either for massing by itself or for planting in connection with the dwarf French varieties. It grows about 5 feet high, is very uniform in habit and a stately plant in every way. 50 cents per dozen; \$4.00 per 100.

DWARF FRENCH CANNAS.

Varieties of---

SPECIAL MERIT.

Beaute Poitevine. An excellent free-flowering crimson that is especially valuable in a hot, dry season, succeeding better under those conditions than any other variety. 15 cts. each; \$1.50 per doz.; \$10.00 per 100.

Depute Ravarin. A pretty sort, with good-sized, deep garnet flowers, a shade lighter than A. Bouvier, which it much resembles, except that the truss stands erect and is much larger; height 5 to 6 feet. 50 cts. doz.; \$4.00 per 100.

Furst Bismarck. Rich scarlet crimson, but so distinct from all other crimsons that it can be planted along with them in perfect harmony of color. The flowers are of large size, with broad petals of good substance, and produced in immense trusses; of vigorous, compact, uniform growth, about 3½ ft. high. 50 cts. per doz.; \$4.00 per 100.

Goliath. A fine rich dwarf crimson with broad massive petals and heavy dark green foliage. 15 cts. each; \$1.50 per dozen; \$12.00 per 100.

J. D. Eisele. A fine vermilion scarlet overlaid with orange, a strong free grower with its trusses raised well above the foliage, 4 feet. 15 cts. each; \$1.50 per dozen.

Mad. Leon Leclerc. Entirely distinct, ground color being a bright orange scarlet with a heavy tip and narrow margin of yellow, 5 feet. \$1.25 per dozen; \$10.00 per 100.

Menelek. One of the most floriferous varieties, of dwarf compact habit, about 3½ feet high, very uniform, with heavy rich green foliage. Its flowers are of good size, with broad petals; are of a rich nasturtium red. 15 cts. each; \$1.50 per doz.

Mine d'Or. This is practically a yellow Mad. Crozy, which it resembles in size and shape of flowers. It is of a bright canary-yellow, the lower petals very lightly marked with red; height 3 feet. \$1.25 per dozen; \$10.00 per 100.

R. Pearson. Golden-yellow ground, dotted with innumerable light red spots, the spots being much more numerous than in any other variety. \$1.25 per dozen; \$10.00 per 100.

Roi de Rouges. "King of the Reds." One of the finest of the many reds yet introduced; the flowers are of good size, with heavy petals, and are produced on stout, thickly-set stems; foliage green; habit compact; 3 ft. \$1.25 per doz.; \$10.00 per 100.

Secretaire Chabanne. Large flowers of rich salmon, a shade entirely distinct from other sorts; 4 ft. high, and one of the freest-flowering. \$1.25 per doz.; \$10.00 per 100.

Varieties of Special Merit.—Continued.

Stadtrath Heidenreich. A new variety of great merit, large spreading flowers 5½ inches across, individual petals frequently being 2 inches wide. Color almost a pure scarlet with just enough orange to intensify its richness, foliage dark green with bronze markings, 4½ feet high. 30 cts. each; \$3.00 per dozen.

Tarrytown. A strong vigorous grower, with brilliant cherry red flowers, an exceedingly free bloomer, foliage dark green, 3½ feet high. \$1.25 per doz.; \$10.00 per 100.

SPECIAL OFFER.

One plant of each of the above 13 varieties of Special Merit for \$1.50.

GENERAL COLLECTION.

Alsace. Pale sulphur yellow, changing to creamy white, 4½ feet.

August Van den Heede. Rich salmon red, 4 feet.

Ami Jules Chretien. Bright apricot red, suffused with rose, 3½ feet.

Ami P. G. Pezeaux. A peculiar shade of pomegranate red, 3½ feet.

Avant Garde. Yellow spotted crimson, 4 feet.

Baronne de Poilly. Orange shaded salmon, 4 feet.

Baron de Belleroche. Amaranth red, 3½ feet.

Czar Alexander III. Brilliant carmine, large flower, 3½ feet.

Columbia. Fine large crimson, 3 feet.

Comte de Bouchaud. Golden yellow, spotted red, 4½ feet.

Charles Paul. Large, pure salmon.

Francois Billard. Crimson with dark shadings, 4 feet.

Flamingo. Fine crimson, 3 feet.

Giant Crimson. Rich pure crimson, 4 feet.

J. C. Vaughan. Deep orange scarlet, bronzy purple foliage, 4½ feet.

Leon Pepin Lehalleur. Carmine red, large round flowers, 4½ feet.

Mme. Favrichon. Satiny carmine, with orange sheen, 4 feet.

Papa. A fine red with large flowers and truss, 3½ feet.

Paul Marquant. Fine salmon with rose sheen, 3½ feet.

Premier. Crimson scarlet with broad golden-yellow edge, 3½ feet.

Robert Owen. Large canary yellow, striped and spotted red, 3 feet.

Souvenir du President Carnot. Vermilion scarlet, bronze foliage, 5 feet.

Souvenir de Jean Chaire. Bright red, overlaid with a purple sheen, 3½ feet.

Vice-President Luizet. Carmine, large flower, 3½ feet.

Price. Any of the above, 50 cts. per doz.; \$4.00 per 100; \$35.00 per 1,000.

SAM TREBLEASE.

CHRYSANTHEMUMS.

Twenty-five Choice Exhibition Varieties.

- Charles Davis.** This is simply V. Morel in another color, being tawny yellow or golden bronze.
- Col. Wm. B. Smith.** An immense, double, high-built flower, bright golden bronze.
- Eugene Dalledouze.** Flowers large yellow, full and double, a grand variety.
- Fisher's Torch.** Bright, fiery red; large and double, with a high-built centre.
- Frank Hardy.** A superb variety with immense full deep globular flowers, beautifully incurved in graceful folds, and of a pure white color.
- George W. Childs.** The best deep self-colored crimson variety; flowers massive, of immense size.
- Golden Wedding.** Golden yellow, intense and dazzling. Flowers 10 to 12 inches in diameter, 4 to 6 inches in depth; petals broad and long.
- Helen Bloodgood.** A most beautiful clear pink; of very large spherical shape.
- H. L. Sunderbruch.** Bright golden yellow, of fine incurved form and large size.
- Iora.** Tubular, clear pink.
- John Shrimpton.** Bright velvety crimson-scarlet.
- Maud Dean.** Extra large petals, broad and incurving, perfectly double and of great substance; pink.
- Major Bonnaillon.** Soft, clear yellow, incurved full in the centre; form and finish perfect.
- Mayflower.** Magnificent large incurved white, lower petal reflex.
- Miss Minnie Wanamaker.** Creamy white, of very large size, incurved.
- Minerva.** Large and massive, incurved, golden yellow.
- Mrs. A. J. Drexel.** Large flowering, early variety; color crimson lake; form rounded.
- Mrs. Jerome Jones.** One of the best whites, broad incurving petals.
- Mutual Friend.** A reflexed pure white, from 7 to 11 inches in diameter and great depth of flower.
- Modesto.** Fine yellow, incurved, slightly whorled.
- Philadelphia.** The formation of the florets and their disposition makes this gracefully globular in form; its color is white, illuminated with lemon yellow.
- Pennsylvania.** A fine companion to Philadelphia, from which it is a sport, possessing all the good points of that favorite, excepting that the color is a rich bright yellow.
- Pluto.** Fine bold globular flower, of clear bright red, centre incurved, reverse of petals golden.
- The Queen.** A grand double white, of fine size.
- Viviani Morel.** Extra large flowers, petals long and loosely arranged; a beautiful light shade of pink.
60 cents per dozen, \$4.00 per 100.

Choice Standard Varieties.

- Autumn Glory.** Deep reddish salmon, when first opening, gradually changing to a soft shrimp pink; flowers of large size and great depth.
- Black Hawk.** Scarlet crimson, the best of its type.
- Cullingsfordi.** A fine shade of crimson.
- Frank Thomson.** White with a touch of pearl pink at base of petals; a fine flower.
- Harry Balsley.** A magnificent variety, of a soft mermet pink in color.
- Harry May.** Flowers very large and deep; full double; forming a massive sphere; color deep old gold, with occasional reddish veins.
- Ivory.** Snowy white, of perfect form, flowers very large; an early and free-flowering variety.
- Inter Ocean.** Glistening pearly white, suffused with pink.
- Louis Boehmer.** Best pink Ostrich plume.
- L'Enfant des Deux Mondes.** Best white Ostrich Plume.
- Monarch of Ostrich Plume.** Finest yellow Ostrich Plume.
- Marie Louise.** A beautiful recurving white, with slender, interlacing petals, forming a plumy globe.
- Mrs. Richard Dean.** Clear pink of a beautiful shade.
- Miss Louise D. Black.** Reddish Orange, on the style of L. C. Madeira, but much larger.
- Mrs. Perrin.** Beautiful glistening pink; a fine shade.

CHRYSANTHEMUM PHILADELPHIA.

- Mrs. L. C. Madeira.** Orange yellow, beautifully quilled.
- Merry Christmas.** The latest of all the whites, fine large flowers, which are at their best the last week in December.
- Mrs. C. H. Pierce.** A soft deep yellow, with well developed leathery petals, lasting a long time in perfection.
- Niveus.** This is a perfect gem; color snowy white; flowers very large, without coarseness.
- President Wm. R. Smith.** A delicate pure pink, very heavy in substance, borne on strong stems.
- Pink Ivory.** Beautiful shell pink.
- Rohallion.** Rich deep yellow, deepening to chrome.
- Solar Queen.** Enormous flowers of clear yellow.
- Wm. H. Chadwick.** An immense striking bloom of a waxy white, occasionally rose tinted; one of the best.
- Wm. H. Lincoln.** A magnificent golden yellow.
- Wm. Simpson.** A pleasing shade of pink.
- Yellow Fellow.** Rich bright yellow, of immense size.
60 cents per dozen; \$4.00 per 100.

Select Early Flowering Varieties.

- Ambrose Thomas.** Bright red with yellow reflex, a large flower and a dwarf grower.
- Baronne Briailles.** Large creamy white, very free.
- Clinton Chalfant.** Fine large yellow of good form.
- Edith Syrratt.** A distinct rosy amaranth.
- J. E. Lager.** Very clear bright yellow, full and massive.
- Longfellow.** Blush white, of medium size and fine form.
- La Vierge.** One of the dwarfiest and best pure whites.
- Marion Henderson.** Fine yellow, of fine form.
- Marquise de Mortemarte.** Very fine large pink.
- Merry Monarch.** Very large pure white.
- Mrs. E. G. Hill.** A beautiful pearly pink, large and full to the centre.
- Mrs. Henry Robinson.** One of the very finest white varieties, a perfect ball of snow when fully developed.
- Mrs. F. Bergman.** One of the earliest whites, very fine.
- Mrs. J. G. Whilden.** One of the finest early yellows.
- Mrs. Hawkins.** A finely formed golden yellow.
- Snow Queen.** A nicely finished snow-white variety of rounded form and full centre.
- Vice-President Hardy.** Golden yellow, bordered crimson rose.
- Vicomtesse D'Avene.** Violet rose, shaded white, centre old gold.
- White Grunnerwald.** Silvery white, reflex rose.
- William Holmes.** A fine crimson.
- Yellow Queen.** Early clear yellow.
60 cents per dozen, \$4.00 per 100.

Hardy Pomphone Chrysanthemums.

These have been almost entirely lost sight of during recent years and have received but little attention, but have in the past season or two been considerably in demand again for out-door planting. The collection offered will be found to contain only the most desirable sorts.

Blushing Bride. Fine soft pink.
Canary. Pale yellow, bushy habit.
Flora. Beautiful deep golden yellow.
Fred. Peele. Deep crimson, tipped gold.
Golden Fleece. Clear yellow.
Golden Pheasant. Rich golden yellow, fine form.
Globe d'Or. Golden yellow.
Eagle d'Or. Fine yellow.
Julia Lagravere. Very fine crimson.
La Purete. Fine pure white.
Mr. Schmidt. Yellow, tipped with crimson.
Mlle. Elise Dordan. Rose-pink, globular flower.
Nellie Rainford. Buff
President. Rosy carmine.
Princess Louise. Deep rosy pink, one of the best.
Pettillant. Soft creamy sulphur.
Princess Meletia. Fringed white.
Regulus. Crimson red.
Rosinante. Blush rose, very dwarf.
Stratneath. Rosy pink, distinct and pretty.
Tiber. Crimson brown, tipped yellow.
Veuve Cliquot. Brick red, edged yellow.
 60 cents per dozen, \$4.00 per 100.

New Single Dahlias.

While many of the single Dahlias heretofore introduced, have proved interesting as individual flowers, especially for cutting, the set here offered possesses such distinct characteristics in habit of growth, freedom of bloom and perfect shaped flowers, which are so vastly superior to anything before offered, that once seen they must become universal favorites.

The habit of the plants is simply perfection; they naturally grow into shapely bushy compact plants, not over 3 feet high, which from early Summer until late Fall are literally covered with flowers, eclipsing anything ever offered in this type.

Anemone. This name was very appropriately suggested for this variety on account of its striking resemblance to that most beautiful Fall flowering perennial, "Anemone Japonica Alba." The flowers which are pure white and of large size, are produced on long wiry stems, making it one of the most useful Dahlias for cutting. 25 cts. each; \$2.50 per doz.; \$20.00 per 100.

St. George. The grandest single Dahlia ever introduced. The flowers are a pure clear yellow, 3 to 4 inches in diameter, and borne on long stems. This variety was awarded the first prize the past season in New York, by the American Institute Fair, as the best new seedling exhibited, an honor never before accorded a single Dahlia. 25 cts. each; \$2.50 per doz.; \$20.00 per 100.

Ada. Another dwarf large early flowering long stemmed single Dahlia and the most profuse bloomer of all. The color is difficult to describe, being a combination of pink and amber shades, lightly penciled bright crimson. 20 cts. each; \$2.00 per doz.; \$15.00 per 100.

Brilliant. A striking dwarf single flower, with large pointed petals, color deep bright yellow, striped bright crimson scarlet. 20c. each; \$2.00 per doz.; \$15.00 per 100.

Strong growing plants of the above ready in March.

One each of the above 4 varieties for 75 cents.

SPECIAL OFFER

We will furnish one each of the twelve New Dahlias offered on this and the next page, a grand collection, for \$2.25.

NEW SINGLE DAHLIAS.

Upper flower St. George, lower flower Anemone.

NEW
Double

Dahlias.

NEW DOUBLE WHITE DAHLIA—"STORM KING." (BLIZZARD.)

Grand New White Dahlia—"Storm King." (Blizzard.)

Magnificent, perfectly formed snow-white flowers, borne in the greatest profusion on long, strong stems, perfectly suited for cut flower purposes. The blooms are of medium size, perfect in form, with petal slightly notched. In habit it is similar to A. D. Livoni, but is a more profuse bloomer than that free flowering variety, while the stems average longer, and as the plant branches close to the ground, it enables it to withstand winds and drouth better than any other variety. It is a strong vigorous grower until coming into flower, when it should receive a top-dressing of manure or fertilizer in order to support the enormous and continual crop of flowers, and prevent the plant exhausting itself. An inspection of the cut shown above will demonstrate the reason for this. It has been exhibited at many flower shows, and has been pronounced *the best all-round White Show Dahlia to date*. For the florist it will prove valuable either as a *cut flower*, or as a *bedder*, or as a *pot plant*. We offer strong plants from 2 inch pots thoroughly established, for April 15th and later delivery, 50 cts. each; \$4.00 per doz.; \$25.00 per 100.

Clifford W. Bruton. A superb yellow Cactus Dahlia; a strong sturdy grower and an extremely free-bloomer, with flowers 5 to 6 inches across. 20 cts. each; \$2.00 per doz.; \$15.00 per 100.

Little Beauty. One of the most beautiful double pom-pone Dahlias ever offered, a perfect shaped flower of a lovely soft pink color and an early continuous and free bloomer. 30 cts. each; \$3.50 per doz.; \$25.00 per 100.

Sundew. A superb decorative variety, of a bright glistening orange-salmon color, an early bloomer, of fine form and full to the centre; fine for cutting. 15 cts. each; \$1.50 per doz.; \$12.00 per 100.

Wm. Agnew. A very large Cactus variety, of rich dazzling red, full to the centre, long twisted petals which occasionally have a clear yellow band running through the centre. 15 cts. each; \$1.50 per doz.; \$12.00 per 100.

Iridescent. A beautiful Cactus variety with a combination of colors that is difficult to describe, the ground color being a clear orange overlaid with red and suffused with pink, giving a soft, yet brilliant red effect with a blue reflex. 20 cts. each; \$2.00 per doz.; \$15.00 per 100.

Xanthia. A most beautiful Cactus Dahlia. Deep bright crimson, slightly suffused maroon; each petal is either tipped of banded through the centre with royal purple. One on the most distinct and striking in this beautiful section. 30 cts. each; \$3.50 per doz.; \$25.00 per 100.

Apple Blossoms. A very pretty new fancy show variety that combines all the shades found in apple blossoms, from red, pink and carmine to pure white. The first flowers are deep red-pink and carmine, but as the season advances they gradually open lighter until they become pure white. 20 cts. each; \$2.00 per doz.; \$15.00 per 100.

Ten Choice Single Dahlias.

Dearest. White edged buff, very distinct.

Edina. A beautiful fancy variety, flowers pure white, with yellow disc around base of petals, spotted and veined crimson.

Juno. White, tipped lavender; yellow disc.

John Downie. Intense glowing crimson-scarlet.

Miss Roberts. Fine large yellow.

Painted Lady. Crimson-pink, striped darker.

Paragon. Dark maroon, edged purple.

Serratipetala. Glowing red and entirely distinct in shape, the petals instead of being flat are pleated, with the edges divided into two or three points, giving the flower a light graceful appearance.

Snow Queen. A good white.

Violet Fern. Ground color, bright orange, overlaid clear red and suffused pink, giving it a soft red appearance.

10 cents each; \$1.00 per dozen; the set of 10 for 85 cents; \$8.00 per 100.

DAHLIA, NYMPHÆA.

Eighteen Grand Cactus Dahlias.

- Celestine.** Yellow, suffused with orange, giving a rich golden yellow effect.
- Countess of Pembroke.** Pure delicate rosy lavender, flowers of medium size, of perfect form and extremely profuse bloomer.
- Empress of India.** Deep rich maroon, a fine flower.
- Gilt Edge.** Entirely distinct from all others, each petal having a golden yellow edge with white centre.
- Kynerith.** Brilliant vermilion, shading to a lighter shade at base of petals.
- Lemon Giant.** Pure lemon of immense size, very free.
- Lancelot.** Fine large reddish amber.
- Miss Barry.** Deep rosy lake, large and full to the centre, twisted petals, very fine.
- Mrs. Francis Fell.** White tinted pink, long twisted petals, very free.
- Mrs. Hawkins.** Rich sulphur yellow, shading lighter toward the tips, slightly tinted red.
- Nymphæa (Pink Water-Lily Dahlia).** In color a clear distinct shrimp-pink, shading slightly darker towards the outer petals, a color difficult to describe; this peculiar color and its form have suggested the name Water-Lily Dahlia. The most popular Dahlia in cultivation.
- Oban.** Rosy-lavender, overlaid with a delicate silvery-fawn; very distinct.
- Oriental.** Pale salmon, very large and double, of fine form.
- Perle (Perle de la tete D'Or.)** The finest white Cactus-Dahlia yet introduced, a perfect gem in every way with large pure glistening white flowers, most valuable for cutting purposes; very early and free.
- Princess Harry.** Rich cream, shading to soft primrose-yellow at base of petals, occasionally lightly tinted with pink, the flowers are soft, waxy, and of exquisite finish.
- Semiramis.** Color buff, overlaid and suffused with reddish orange, a color that is always admired; perfect in form.
- Wm. Pierce.** Rich butter yellow, the best of its color.
- Zulu.** The black Dahlia, rich blackish maroon of fine form.
- 10 cents each, \$1.00 per dozen; the set of 18 for \$1.50; \$8.00 per 100.

...DAHLIAS...

The collections of the various types offered on this and the next page are the "cream" of over five hundred varieties, selected after critical examination and combining in a superlative degree purity of color, perfection of form, free and continuous flowering, and that succeed under the most ordinary garden culture.

Twelve Best Show and Fancy Varieties.

- Client.** Bright glowing crimson.
- Geo. Rawlings.** Dark velvety maroon.
- Jas. Stephens.** Bright orange scarlet.
- John Walker.** Finest pure white, absolutely perfect in form.
- Lottie Eckford.** White spotted and striped pink and crimson. Very pretty.
- Miss Cannell.** White tipped rosy pink.
- Miss May Lomas.** Pure white, delicately suffused with soft rosy lavender. A most unusual shade.
- Mrs. Gladstone.** Exquisite shell-pink. One of the finest.
- Mrs. Stancombe.** A pleasing fancy sort. Straw suffused amber striped red, mottled and tipped blush white.
- Psyche.** Pale primrose, tinted and shaded rose. Very free.
- Queen of Yellows.** The best yellow.
- S. B. Pennybaker.** Silvery white, inner petals tinged pink, outer petals heavily tipped rosy red.
- 10 cts. each; set of 12, \$1.; \$8. per 100.

Six Superb Double Quilled Varieties.

- We have brought together under this heading six of the choicest quilled sorts. All are of exceptionally fine form, and are interesting either as cut flowers or for garden decoration.
- A. D. Livoni.** Beautiful clear pink, of perfect form, and one of the freest-flowering of all.
- Bessie.** Pretty quilled pompon creamy white.
- Elegans.** Rosy purple, tipped and striped white.
- Grand Duke Alexis.** Large massive flowers, ivory white, with a faint tinge of rose at the extremities of the petals. A grand handsome flower. Perfect form.
- Le Petit Jean.** Beautiful rich crimson maroon pompon.
- Queen Victoria.** Handsome deep yellow. Finely quilled.
- 10 cents each; set of 6, 50 cents; \$8.00 per 100.

Twelve Choice Double Pompones.

- Catherine.** The best pure yellow pompon, of fine form.
- Daybreak.** Of the same delicate shade of pink as Carnation Daybreak, of exquisite finish and form, and a very profuse bloomer.
- Elfin.** A dainty little flower; pale primrose changing to creamy white; full and free.
- Elegante.** Soft pink, tipped deep pink, reflex light pink, making a beautiful combination of shades.
- Kleine Domitea.** Orange-buff, always in bloom; fine.
- Little Beatrice.** A most profuse flowering pink, edged purple.
- Lou Kramer.** Base of petals yellow, heavily tipped bright crimson, overlaid bright pink; a pleasing variety.
- Prince Charming.** White, penciled, suffused and heavily tipped purplish pink; a strong grower of good form.
- Red Piper.** Dark red of a peculiarly pleasing shade, finely formed flowers.
- Rosalie.** Yellow tipped crimson of good form.
- Snow-clad.** Without exception the finest white pompon yet introduced.
- Vivid.** Bright deep crimson scarlet.
- 10 cents each, the set of 12 for \$1.00; \$8.00 per 100.

DRACÆNA GODSEFFIANA.

DRACÆNAS.

Dracæna Godseffiana.

Undoubtedly one of the most striking new ornamental foliage plants of recent introduction. As shown in the illustration, the plant is of an entirely different habit and appearance from all other Dracænas; it is of free-branching habit, and throws out many suckers from the base so as to form beautiful, compact, graceful specimens in a very short time. Its foliage is broadly lanceolate, 5 to 6 inches long, and 2 to 3 inches wide; of a strong leathery texture; rich dark green color, densely marked with irregular dots and spots of a creamy-white, not unlike an Aucuba Japonica, of which the markings in the foliage strikingly remind one. The illustration gives but a faint idea of its striking beauty; it is a plant which will undoubtedly be grown very extensively for decorative purposes when it becomes more plentiful, as it is very hardy as a house plant, equaling if not surpassing in this respect the Aspidistra and Ficus. 2½ inch pots, \$0 35 each; \$3 50 per dozen.

5 " " 2 50 " " 30 00 " "

Amabilis. A most desirable variety that quickly forms large specimens.

3 inch pots, 25 cts. each, \$2 50 per dozen.
5 " " 50 " " 5 00 " "

Bruanti. A graceful green leaved sort that is not as well known as it deserves to be; a most useful decorative plant that will stand as much abuse as a Rubber. We have a large stock, and offer, 4 inch pots, \$3.00 per doz.

Indivisa. This useful variety is always scarce. We offer a limited stock of good plants:

4 inch pots, \$2.00 per dozen; \$15.00 per 100.
5 " " 3.00 " " 20.00 "
6 " " 4.00 " " 30.00 "

Imperialis. 3 inch pots, 30 cents each; \$3.00 per doz.

Lindeni. A beautiful variegated form of *Fragrans*. Broad green foliage with golden band along each side of the leaves; one of the handsomest. 5 inch pots, 75 cts. each; 6 inch pots, \$1.00 each.

Massangeana. A splendid lot of this beautiful variety. Broad green leaves, with wide band of variegation through the centre. 5 inch pots, 75 cts. each; 6 inch pots, \$1.00 each.

Marginata. A graceful narrow leaved variety.

3 inch pots, 30 cts. each; \$3.00 per doz.
4 " " 40 " " 4.00 "

Sanderiana. Good young plants in 3 inch pots, 30 cts. each; \$3.00 per doz.

DRACÆNA LINDENI.

DRACÆNAS—Continued.

Terminalis. Rich crimson foliage, marked with pink and white.

2½ inch pots, \$1.00 per dozen; \$8.00 per 100.

3 " " 1.25 " " 10.00 "

Youngi. 3 inch pots, 30 cts. each; \$3.00 per dozen.

Ficus Radicans Variegata.

This charming and effective variety of *Ficus Radicans* is without doubt destined to become "a plant for every one," its easy culture, effective variegation and regular growth, making it one of the best ornamental variegated plants ever sent out. The elegant appearance of this pretty plant and its effective variegation is most striking, the leaves being freely and irregularly margined with white, the variegation sometimes extending to nearly the entire leaf, some of the young shoots and leaves being wholly white. As a variegated plant for a hanging pot or vase, it cannot be excelled, while its bright and cheerful variegation will commend it to every one as an ideal plant for the margins of stages and growing as single plants round sticks or on a trellis. It was unanimously awarded a first-class certificate by the Floral Committee of the Royal Horticultural Society. (*Introducer's description.*)

We offer small plants in 2½ inch pots, at \$3.00 each.

Ficus Elastica. (Rubber Plant.)

Four inch pots, 10 to 12 inches high, \$4.00 per dozen; \$30.00 per 100.

FICUS RADICANS VARIEGATA.

CIBOTIUM SCHIEDEI.

PTERIS SERRULATA VOLUTA.

FERNS—Choice Varieties of Special Merit.

Adiantum Farleyense.

Our stock of this magnificent variety is exceptionally large and in fine condition. Having been grown at a comparatively low temperature they will stand transportation nicely.

3 inch pots, \$3.00 per doz.; \$20.00 per 100.
4 " " 5.00 " 40.00 "

Adiantum Gracillimum.

This, the finest leaved of all the Maiden-hairs, is always scarce. We have at present a fine lot of 4 inch pots at \$2.00 per doz.; \$15.00 per 100.

Adiantum Fergusoni.

One of the prettiest of the crested Adiantums. Very much in the style of A. Wiegandi, but with larger pinnæ on longer stems. A charming variety for a collection or for growing into specimen plants.

2 inch pots, 75 cts. per doz.; \$ 6.00 per 100.
3 " " \$1.25 " 10.00 "

Adiantum Formosum.

It is only occasionally that we are in a position to offer in quantity, and at a low price, this hardiest of all Adiantums; an excellent variety for growing into specimen plants, it being as useful as a Palm for decorative work.

2 inch pots, \$1.00 per dozen; \$8.00 per 100.
3 " " 1.25 " 10.00 "

Adiantum Lathomi.

Always scarce, and in our estimation (excepting A. Farleyense) the most beautiful Adiantum in cultivation, for growing into specimen plants. We have a fine lot of 3 inch pots which we can supply at \$2.00 per doz.; \$15.00 per 100.

Adiantum Rhodophyllum.

This variety is always scarce, and while it does not compare with Farleyense in a large specimen, in a small plant it resembles it very much, and has the advantage of succeeding under ordinary cultivation.

2 inch pots, 75 cts. per dozen; \$6.00 per 100.
3 " " \$1.25 " 8.00 "

Adiantum Lambertianum.

Another new variety of the type of Gracillimum, but from which it is entirely distinct. 3 inch pots 25 cts. each; \$2.50 per dozen.

Asplenium Nidus Avis.—(Bird's Nest Fern.)

A fine lot of thrifty young plants in 3 inch pots of this scarce variety, 25 cts. each; \$2.50 per dozen.

Cibotium Schiedei.

This is undoubtedly the finest of all the Tree Ferns for use in decorative purposes, and though appearing very soft, is in fact very hardy, as has been demonstrated by the leading decorators in all the Eastern cities, succeeding admirably as a house plant, which is not the case with any other Tree Fern. It possesses a grace and delicate appearance that is found in no other plant, the illustration giving but a faint idea of its beauty. 7 inch pots, \$2.50 each

Microlepia Hirta Cristata.

We consider this one of the finest Ferns in cultivation to grow into specimen plants, and while it is of such a delicate, graceful appearance, that would lead one to think that it was useless as a house-fern, it is, nevertheless, one of the best for this purpose, and when well grown meets with as ready sale as the popular Boston Fern.

2 inch pots, 75 cts. per dozen; \$6.00 per 100.
3 " " \$1.25 " 10.00 "

Nephrolepis Cordata Compacta.

In our estimation this variety is the finest of all the sword ferns; it is of free, strong growing, compact habit, attaining when fully grown, a height of about 2 feet. The fronds, which are of a dark green color, are very rich, of upright growth, with just sufficient arch in them to make them graceful.

2 inch pots, 75 cts. per doz.; \$5.00 per 100.
3 " " \$1.25 " 8.00 "

Nephrolepis Exaltata Bostoniensis.

We offer a good lot of young 2½ inch pot plants, \$6.00 per 100.

Pteris Serrulata Voluta.

This desirable Fern is one of the most distinct varieties of Pteris Serrulata yet introduced, the volute or curled appearance of the pinnae being very noticeable, not only in the mature plants, but also in the young state. Its elegant appearance being also further enhanced by the tips of the incurved pinnae being prettily crested. 15 cents each; \$1.50 per dozen. Ready in April.

Polystichum Angulare Prolifera.

This is the variety that has been recently advertised under the incorrect name of Polystichum Prolifera Woolstoni. It is a desirable but well known Fern. We offer

2½ inch pots, 75 cents per dozen; \$6.00 per 100.
3 " " \$1.00 " 8.00 "

PLATYCERIUM STEMMARIA (STAG-HORN FERN.)

Platycerium Alcorni.

(Elks-Horn Fern.) This variety is seen more commonly than any of the Platyceriums, but is still comparatively scarce, and a most interesting, species. 35, 50 and 75 cents each.

LASTREA ARISTATA VARIEGATA.

Platycerium Stemmaria or Ethiopica.

("Stag-horn Fern.") This is a noble-looking Fern. The barren fronds are very broad, and the fertile ones, which are usually produced in pairs, are divided into two broad lobes and these again terminate in two obtuse lobes. Certainly one of the most imposing of the Stag-horn variety. (See cut.) \$2.00 each.

MICROLEPIA HIRTA CRISTATA. (See page 14.)

New Dwarf Bedding Geranium.

"Mars." Probably no other variety ever introduced has met with such large sales in a short period. It is a superb bedding and pot geranium of very distinct compact habit, the plant itself not exceeding 5 inches in height, but exceedingly floriferous. Color clear light salmon, darker in the centre.

50 cts. per doz.; \$4.00 per 100.

New Single Geraniums.

Chaucer. A clear, bright shade of pure cerise; immense circular flower almost three inches across; distinct and fine in every way.

Crabbe. A charming shade of cherry red; over 2½ inches across; beautifully rounded, combining in a massive truss 16 to 18 inches in circumference; very effective.

Dryden. A grand bedder, standing sun and rain better than any other of this type. It is bright rosy red, with large white blotches on the two upper petals, and smaller blotches on the three lower ones, all five suffused with lake at the junction of the two colors. Dwarf, compact and very free.

Southey. Bright vermilion, with white blotch in centre of flower and running up into the two upper petals, which are suffused with crimson; flowers of medium size and fine form—the gorgeous coloring more than making up for its loss in size.

30 cents each; set of 4 for \$1.00.

New Sun-proof Bruanti Geraniums.

Thomas Meehan. Double, extremely large trusses and large florets; almost circular in form; color quite new in this type, brilliant rosy pink, the base of the upper petals marked orange; a noteworthy variety.

Mme. Landry. Double. One of the choicest and most beautiful yet added to the Bruanti type. Very free and constant in bloom throughout the season; trusses large, and florets of the finest size and circular in form; color, clear salmon, center shading to copper, with a white eye. Very distinct and effective.

Bellerophon. Single, and one of the grandest of recent introductions; it is a bright scarlet, with large round florets, combined into immense trusses, which are held high above the plant, and very free in bloom. This variety will undoubtedly rank among the very best bedders.

30 cts. each; set of 3 for 75 cts.

General Collection of Geraniums.

Single Varieties, 25 choice kinds, 2 inch pots.
\$4.00 per 100.

Double Varieties, 25 choice kinds, 2 inch pots.
\$4.00 per 100.

Ivy-leaved Varieties, 12 choice kinds, 2 inch pots.
\$4.00 per 100.

Scented Varieties, 6 kinds, 2 inch pots.
\$4.00 per 100.

DREER'S

Superb Gloxinias.

We offer this season the finest Gloxinias, both as regards strain of variety and size of bulbs, that we have ever sent out. All are well matured, they are of the Crassifolia type of foliage, and are all erect flowering. The prices have been reduced to 50 cts. per doz., \$4.00 per 100; \$30.00 per 1000.

New Double Geraniums.

Dr. Despres. A good truss, composed of very large circular flowers; color changeable; bright violet marked vermilion on the upper petals, lower petals marked scarlet.

Jean Lahor. Very free in bloom; florets very large in good sized trusses; the mingling of shades is very odd and bright and variable; ordinarily the edge of the petals is red or vermilion, the center either violet or mauve.

Mme. T. Noisette. Very rigid footstalks, with grand trusses and florets of a magnificent new color—rosy peach shading to orange at the center; a superb variety, and very free flowering.

Vera Vend. A "panache" variety, hard to describe—principally noted for its odd color, the truss and florets are both of good size; the shades are red, white and orange, marbled together. Habit and foliage very good.

30 cts. each; set of 4 for \$1.00.

GLOXINIA.

MUSA ENSETE.

Lapageria.

We offer a good lot of plants in 5 inch pots.

Alba, \$3.00 each. Rosea, \$1.50 each.

Macrozemia Elegantissima.

A beautiful Cycad with remarkably fine graceful foliage of a rich deep green color; a handsome plant for table decoration. We offer a limited number of 5 inch pots, bushy plants, about 15 inches high, \$2.00 each.

Musa Ensete. (Abyssinian Banana.)

The leaves of this magnificent plant are long, broad and massive, of a beautiful green, with a broad crimson mid-rib; the plant grows luxuriantly from 8 to 12 feet high, producing a tropical effect.

Strong 5 inch pots, 35 cents each; \$3.50 per dozen.

“ 6 “ 50 “ 5.00 “

PANDANUS VEITCHII.

DREER'S SUPERB DOUBLE FRINGED PETUNIA.

**Dreer's Superb
Double Fringed Petunias.**

Our strain of double Petunias is too well known to require special description. We are now offering fine, healthy, strong plants from three inch pots, which are in the most vigorous condition, free from rust and disease, and which will furnish a large number of cuttings in a short time. The set is composed of fifteen of the finest double fringed varieties of such colors as are especially suited for the retail trade. Strong 3 inch pots, \$1.00 per doz.; \$8.00 per 100. The set of fifteen varieties for \$1.25. 2 inch pots, 75 cts. per doz.; \$5.00 per 100.

Seed of the above, our own saving, 75 cts. per 500 seeds; \$1.50 per 1000 seeds.

Pentas Lanceolata.

A pretty half shrubby greenhouse plant, not unlike a Bouvardia in general habit and appearance, but flowering much more profusely and continuously. It may be planted in the open border during the summer, but its chief value consists as a winter flowering pot plant for which purpose it is especially well suited, it being in flower continuously.

The flowers are produced in flat heads of 15 to 30 flowers each, each shoot being terminated with a flower head, they are pure white in color, of similar form to, but considerably larger, than a Bouvardia and last in perfection a long time. 10 cents each; \$1.00 per dozen.

Pandanus Utilis.

(Screw Pine.)

2 inch pots, \$.75 per doz.; \$ 6.00 per 100.

3 “ 1.25 “ 10.00 “

Pandanus Veitchii.

A fine stock of these,

6 inch pots 15 to 18 inches high, \$1.00 each.

6 “ 18 to 24 “ 1.25 “

PALMS, our Leading Specialty.

We again call special attention to our stock of Palms, which is the largest and most complete in the country, especially in the varieties and sizes used in the general Florist trade. Our stock of Kentias alone occupying over one and a half acres of glass, and all other popular varieties being on hand in proportionate quantities.

Special Notice.—Our measurements of plants, where given, as in the case of Palms, etc., etc., mean the height of the plant from the top of the pot to the top of the plant in its natural position. We make this explanation of our way of measuring, as many growers contend that the proper measurement is from the bottom of the pot to the tip of the longest leaf, and make their offers in that way.

ARECA LUTESCENS.

Areca Lutescens.

We offer a fine lot of clean thrifty plants of this graceful and popular variety.

Inch pots.	Height.	Per doz.	Per 100.
2	6 to 8 ins.	\$1 00	\$7 00
3	10 to 12 "	1 25	10 00

Livistona Rotundifolia.

We have a grand stock of this, the most graceful of all the Fan-leaf Palms. 2 inch pots, \$1.50 per doz., \$12.00 per 100.

Fine 3 inch pots, showing character very nicely, \$2.50 per dozen; \$20.00 per 100; 4 inch pots, \$5.00 per doz.; \$40.00 per 100; 5 in. pots, \$9.00 per doz.; \$70.00 per 100.

Phoenixophorium Sechellarum.

We have a fine lot of young plants of this rare palm, in 2½ inch pots, 50 cents each; \$5.00 per dozen.

Phoenix Rupicola.

We offer a fine lot in 6 inch pots, characterizing very nicely, with 6 leaves, 20 to 24 inches high, \$1.50 each; \$18.00 per dozen.

Stronger plants in 7 inch pots, 24 to 30 inches high, 6 to 7 leaves, \$2.00 each.

Young plants in 2½ inch pots, \$1.00 per dozen; \$8.00 per 100.

" 3 " 1.50 " 12.00 "

Phoenix Reclinata.

2 inch pots, 75 cents per dozen, \$6.00 per 100.

5 " " 50 " each, 6.00 per doz.

Phoenix Canariensis.

One of the hardest of the genus. The plants we offer are strong thrifty specimens of extra value.

8 inch pots, 30 inches high, stocky, bushy plants, \$1.75 each.

9 " 36 " 2.50 "

9 " 36 to 42 inches high, 4.00 "

Ptychosperma Alexandræ.

3 inch pots, \$1.00 per dozen; \$8.00 per 100.

Rhapis Flabelliformis and Humilis.

We have a large stock of these useful varieties in plants of good value at \$1.50, \$2.50, \$3.00, \$5.00 and \$6.00 each.

Seaforthia Elegans.

2 inch pots, 75 cts. per doz.; \$5.00 per 100.

Thrinax Parviflora.

A nice lot in 2½ inch pots of this pretty dwarf Palm \$1.25 per doz.; \$10.00 per 100.

TROPÆOLUM PHŒBE.

Twelve Grand Pelargoniums.

The twelve varieties listed below are the finest that have ever come to our notice. The plants are of strong, vigorous growth and very free-flowering, while the size and shape of the flowers are all that could be desired.

Champion, Countess, Dorothy and H. M. Stanley. 2½ inch pots, \$1.25 per dozen; \$10.00 per 100.

Decorator, Mermeris, Mrs. Bradshaw, Madame Thibaut, Mrs. R. Sandiford, Madame Vibert, Marquise of Salisbury and Victor. 2½ inch pots, \$1.00 per dozen; \$8.00 per 100.

Tropæolum Phœbe.

A most attractive and deliciously-scented variety, producing flowers throughout the winter and summer season of a deep, golden-yellow, with a rich crimson feathered blotch in each segment, outer edges notched or scalloped, the whole forming into an exquisitely shaped blossom; admired by all, and a decided improvement on all existing varieties in this class.

A free and vigorous grower. When in the height of its perfection, strings of growth, resplendent with its glorious parti-colored flowers, can be cut for decoration 8 to 10 feet long, a decided acquisition as a trailer in the greenhouse or conservatory in early spring, and out doors during summer. 15 cts. each; \$1.50 per doz.; \$10.00 per 100.

LA FRANCE VIOLET.

New Giant Single Violet—La France.

Of the many new violets introduced in the past few years, this, the latest introduction of the foremost French specialist is unquestionably the best. It is of a rich violet-blue color, of strong vigorous growth, free in bloom and deliciously scented, and will no doubt supersede all existing sorts. 75 cts. per dozen; \$6.00 per 100; \$50.00 per 1000.

Single Violets.

The varieties offered below are fully as desirable as the finest doubles, and for freedom of bloom they excel anything heretofore offered.

Admiral Avellan. A French variety with distinct bright reddish flowers, produced very freely; of large size and fragrance.

California. Flowers are very large, borne on long stout stems, which makes it especially valuable as a cut-flower; intensely fragrant and of a clear violet-purple color.

Luxonne. Of the same size as the California, but appears nearly double its size, as the petals all open out flat, and has the advantage of flowering continuously from early in September until April. It is of a beautiful rich but soft violet-purple, with strong stout stems and very fragrant.

Princess of Wales. A grand variety, not as large as Luxonne and a shade lighter in color, intensely fragrant. 2½ in. pots, 60 cts. per doz.; \$4.00 per 100; \$35.00 per 1000. Single Violets, ready April 1st.

NEW CLIMBING MOSS ROSE, "CUMBERLAND BELLE."

NEW ROSES.

NEW CLIMBING MOSS ROSE,

"Cumberland Belle."

We take pleasure in offering for the first time to the legion of lovers of the Queen of Flowers, this the forerunner of a new race of Roses, a grand true climbing Moss Rose. It is of American origin, having been found growing in a private garden in the historic Cumberland Valley—a sport from that pretty Moss Rose Princess Adelaide, itself a strong vigorous grower, which is wonderfully developed in the off-spring, the original sport the first season having attained a height of over fifteen feet and had one hundred and eighteen buds and flowers on it at one time. The past season, planted side by side with Crimson Rambler and other rampant growers, it fully equaled them in vigor of growth. In color it is identical to the parent, a bright silvery rose, very double; the buds nicely mossed and exquisitely fragrant. Altogether a most unique and desirable acquisition. (See cut.)

Young plants, 2½ in. pots, 30 cts. each; \$3.50 per dozen; \$25.00 per 100.

NEW CLIMBING ROSE,

"Royal Cluster."

This new variety is a cross between Hermosa and Dawson. A strong growing cluster-rose, of erect habit, entirely hardy, and is an abundant bloomer. The clusters are large, one cluster on the parent plant last year having over one hundred buds and blooms. The color is rosy white, changing to white. The stamens are prominent and of a bright yellow—a striking feature. Strong 2½ in. pots, 10 cts. each; \$1.00 per doz.; \$6 00 per 100. Strong 4 in. pots, 25 cts. each; \$2.50 per doz.; \$20.00 per 100.

New Hybrid Wichuriana Roses.

These pretty hybrids of this most useful Rose are quite hardy and need no protection whatever in winter, and from their trailing habit are admirably adapted for covering rock-work or bare spaces, as well as planting in the border. They are of very free growth, with foliage of a fine deep green, which lasts until well on in the winter. The flowers are produced in immense quantities, and last a long time in perfection. Altogether very desirable.

Triumph. This variety is of free growth, with fine foliage, double white flowers in clusters; sweet scented.

South Orange Perfection. Dwarf trailing habit, double flowers, blush-pink at tips, changing to white.

Universal Favorite. Soft light pink, very fragrant.

Pink Roamer. Strong grower, with single bright rich pink flowers and almost white centre; orange-red stamens.

2½ inch pots, 60 cts. per dozen; \$4.00 per 100.

NEW ROSE, "EVERGREEN GEM."

Lord Penzance's Hybrid Sweet Briars.

These are crosses between the Common Sweet Briar and various old-fashioned Garden Roses; the flowers are single or semi-double. The plants are very vigorous and perfectly hardy, and the foliage of all of them is as sweetly scented as the Common Sweet Briar. They form a distinct break from any class of rose yet in commerce. Of the 16 varieties introduced since 1894, we have selected the 5 listed below as the most desirable.

Anne of Gierstein. Dark crimson, good grower.

Brenda. Maiden's blush or peach, dainty in color and shade; the contrast and effect of the bright golden anthers add a peculiar charm to this variety.

Lady Penzance. Beautiful soft tint of copper with a peculiar metallic lustre; the base of each petal is a bright yellow, which, showing through the clear golden anthers, forms a halo round them; very free flowering, with a delicious perfume from foliage and flower.

Lord Penzance. Soft shade of fawn or éceru passing to a lovely lemon yellow in the centre, sometimes toned with a most delicate pink; very sweet-scented.

Meg Merrilies. Gorgeous crimson, very free flowering, seeds abundantly, robust habit, large foliage.

Strong two-year-old plants, \$2.50 per dozen; \$20.00 per 100.

New Evergreen Roses.

The most remarkable achievement and improvement of a new and distinct type of Hardy Roses, that has been made for a generation. The growth is remarkable for its freedom, a single plant, four years old, covering a space of 240 square feet, with long shoots, twelve to twenty-five feet in length, completely covering the ground with its bright glossy foliage and showy fragrant flowers. The foliage of all is leathery in texture, shiny, and not only proof against insects, but *Evergreen*; that is, keeping the foliage all Winter; a characteristic in Roses never before obtained.

The flowers are produced most profusely, are all of large size, very fragrant, and can be easily used for cut-flower purposes, especially when in bud. The use of these Roses will be unlimited, for covering graves, to cover roots, stumps and stems of trees, walls and trellises, and also for forcing as pot plants during Spring, especially for Easter.

Jersey Beauty. (*Wichuraiana X Perle des Jardins*).

Extremely vigorous grower, foliage shiny, thick, of leathery substance. Flowers singly or in clusters of two to four, large, single, three inches in diameter, opening pale yellow, with clusters or bright yellow stamens, which gives it a most striking appearance, fragrant, and produced in greatest profusion, covering the plant entirely, and having the appearance of a Yellow Cherokee Rose. Most striking variety of the set. Young plants in 2 inch pots, 50 cts. each; \$4.50 per dozen; \$30.00 per 100. Strong one-year-old plants, \$1.00 each; \$10.00 per doz. (Ready March 25th.)

Evergreen Gem. (*Wichuraiana X Madame Hoste*). The most wonderful grower of the set. Foliage, fine rich bronze color, closely matted. Flowers produced singly on stems, yellow, buff in bud, opening to almost white, two or three inches in diameter, perfectly double, and of a delightful sweetbriar fragrance. (See cut.) Young plants in 2-inch pots, 50 cts. each; \$4.50 per dozen; \$30.00 per 100. Strong one-year-old plants, \$1.00 each; \$10.00 per doz. (Ready March 25th.)

Gardenia (*Wichuraiana X Perle des Jardins*). Strong grower with large green foliage. Flowers produced singly on stems one-half to one foot long. When in bud, hardly distinguishable from *Perle*, bright yellow, and when open, cream color, three to three and a half inches in diameter, incurving towards evening to perfect imitation of *Gardenia* or *Cape Jessamine* as to shape and color, hence its name. Flowers are delightfully fragrant, and produced freely. A grand rose for any purpose. Young plants in 2-inch pots, 75 cts. each; \$7.50 per dozen; \$50.00 per 100. Strong one-year-old plants, \$1.75 each; \$18.00 per dozen. (Ready March 25th.)

NEW CLIMBING ROSE—"ROYAL CLUSTER." (See page 21.)

Roses.

Strong
Two-Year-Old
Stock.

The following have been potted into 5 and 6 inch pots and stored in cold frames.

As long as dormant they will be shaken out and shipped without soil; after they start into growth they will be shipped with ball of soil.

Varieties marked with an * can be supplied in own-root plants; those not marked are dwarf-budded plants worked on Manetti.

SELECT LIST OF HARDY PERENNIALS.

ANEMONE, QUEEN CHARLOTTE.

Two Grand New Anemones.

Queen Charlotte. Nothing in the way of new hardy perennial plants pleased us so much last Summer as this grand new Anemone which we consider the greatest acquisition in this class of plants for many years.

The plant itself is of strong robust growth, much more vigorous than any of the old varieties, and commences to flower at least four weeks earlier than these. The flowers which are large, semi-double, frequently measure four inches across and are of that pleasing shade of pink peculiar to the La France Rose, a color that is not often met with in hardy perennials. (See cut.) Ready April 1st. In 2 inch pots, 30 cts. each; \$3.00 per doz.

Coupe D'Argent. Another new variety with very large double creamy-white flowers, entirely distinct from Whirlwind, the flowers assuming a semi-globular shape like an incurved Chrysanthemum. Ready April 1st. In 2 inch pots, 25 cts. each; \$2.50 per doz.

Anemone Japonica.

- Japonica Alba. Pure white.
 - " Rosea. Rose color.
 - " Whirlwind. Semi-double white.
- 2½ inch. pots, 75 cts. per doz.; \$6.00 per 100.

New Dwarf Hardy Aster, *Alpinus Speciosus*.

This variety forms dense tufts, from which issue stems 6 to 9 inches in height, covered during July and August with large circular flowers of a lovely rich violet, measuring 3 to 4 inches across. It is hardy and grows easily in almost any situation. 25 cts. each; \$2.50 per doz.

Grand New Hardy Aster, *Grandiflorus*.

The finest of all the Asters, and distinct in character and flowers from all others. The flowers, which are large, frequently measuring 2 inches in diameter, are of a lovely violet-blue. It is the latest flowering variety in cultivation, and by lifting the plants can be flowered in connection with Chrysanthemums, where its effect is very beautiful. \$1.50 per doz.; \$12.00 per 100.

HARDY ASTER OR MICHAELMAS DAISIES.

Hardy Asters. Michaelmas Daisies.

We offer a fine collection of these pretty summer flowering hardy Asters; improvements on our native varieties.

Amethystinus. Forms dense bushes 3 feet high, smothered with lovely amethyst-blue flowers.

Amellus Elegans. Grows 2 feet high and becomes entirely covered with rich indigo-blue flowers with yellow centre.

Amellus Hybridus. A distinct lilac rose variety.

Alpinus. A dwarf spring flowering variety, a first-class rock plant, with flowers 2 inches or more across, of a bluish purple color.

Datschi. A very late flowering sort; grows 3 feet high; feathery sprays of white blossoms.

Hybridus Nanus. A dwarf compact growing variety, especially suited for the rockery; of a light lilac color.

Lævis. A pretty light blue variety, flowering early.

Lady Trevelyan. A fine, large, pure white flower; a strong grower.

Novæ Angliæ. Very large bluish-purple flowers with yellow centre.

Novæ Angliæ Rubra. Bright rose-colored flowers; very distinct.

Robert Parker. Large sprays of beautiful lavender-blue flowers with yellow centre.

10 cts. each; \$1.00 per dozen; \$8.00 per 100.

Astilbe (*Spiræa*) *Chinensis*.

Of recent introduction from China, entirely distinct and a grand addition to our list of hardy border plants. It is a strong robust grower, forming a bold clump of large handsome foliage. The flower stems are erect, about three feet high, leafy and much branched, and support large triangular plumes of feathery white flowers slightly tinted with pink. 25 cents each; \$2.50 per dozen.

Boltonia *Asteroides*.

One of our native perennials. A most useful cut flower during midsummer, the flowers are white, Daisy-like, produced on long stems and last well. Where summer flowers are in demand this will be found a most useful plant. 75 cents per dozen; \$6.00 per hundred.

Boltonia *Latisquama*.

A beautiful soft pink flowered form of the above, with larger flowers and blooming early in September. 75 cents per dozen; \$6.00 per 100.

CAMPANULA PYRAMIDALIS.

Campanula Pyramidalis.*The Chimney Bell-Flower.*

This beautiful bell-flower deserves a place in every garden. It is of strong, robust growth and is at its best in mid-summer, when it throws up numerous spikes, (frequently 15 to 20) four to five feet high, which are crowded with its large salver-like blue flowers.

In Europe this plant is grown quite extensively in pots and is frequently seen in the show-windows of the Florist's stores, for which purpose it is admirably adapted, it producing a beautiful attractive display.

We offer strong one-year-old field-grown plants, 15 cents each; \$1.50 per dozen; \$10.00 per 100.

Ceanothus Gloire de Plantieres.

Very few of the Ceanothus have found their way into general cultivation, owing principally to the fact that most of the varieties heretofore introduced have been very tender. In this new variety is combined almost entire hardiness; a slight protection around the roots, which may be omitted if planted in a sheltered position, being sufficient to carry them over successfully, while the flowers are of large size and of a most desirable shade of lavender-blue. The shrub-like plant grows about three feet high and begins to bear its graceful and airy heads of flowers early in June, continuing through the greater part of the summer. 20 cts. each; \$2.25 per dozen.

Two New Chrysanthemum Maximum.

These summer flowering Chrysanthemums, or as they are commonly known, Moon-penny or Daisy Marguerites, are now pretty well known and are becoming general favorites and deservedly so. They are free growing perennials, not exceeding 2½ feet in height, forming large bushes which are covered with bloom the entire summer; the flowers are large, pure white and of great substance, lasting a week or more when cut; they continue in bloom all summer and are perfectly hardy, and must be classed among the most useful of our perennials.

Triumph. Flowers 4 inches in diameter, with broad, heavy overlapping petals.

Filiformis. With long narrow thread-like petals, a most effective, large, white flower.

15 cents each; \$1.50 per dozen; \$12.00 per 100.

CEANOTHUS GLOIRE DE PLANTIERES.

Coreopsis Lanceolata.

A hardy perennial that should find its way into every garden. The flowers are a clear bright golden yellow and certain to attract attention. It flowers profusely, is perfectly hardy and thrives in almost any situation. One of the best of the perennials, and invaluable for summer cut flowers. Strong one year old clumps, \$1.00 per doz.; \$6.00 per 100. 2½ inch pots, 60 cts. per dozen; \$4.00 per 100.

New Hybrid Delphiniums.

The two varieties here offered are the handsomest of this class of plants that have yet come to our notice, and deserve a position in every garden; they are perfectly hardy and flower continuously during the summer and fall months, producing spikes 15 to 18 inches long.

Frau Emma Metzger. A most beautiful variety, the peculiar coloring of which it is almost impossible to describe. The flowers, which are of large size and double, are of a glossy silvery rose in the centre which gradually passes to a light sky-blue as it approaches the edges, and white eye, a combination of shadings which must be seen to be fully appreciated.

Wilkie Collins. Rich royal purple shading to blue, double flowers nearly two inches in diameter.

25 cents each; \$2.50 per dozen.

COREOPSIS LANCEOLATA.

GAILLARDIA GRANDIFLORA.

Gaillardia Grandiflora.

One of the finest of hardy Perennials. Flowers large, numerous, produced on long stems, and excellent for cutting; of the most gorgeous coloring. Centre dark-red brown; petals variously marked with rings of scarlet crimson, orange and vermilion. It delights in a rather poor, light soil, and blooms in the greatest profusion from June to November.

Strong one-year old pot grown plants.

3 inch pots,	75 cts. per dozen;	\$5.00 per 100.
4 " "	\$1.00 " "	\$8.00 "

Helenium Grandicephalum Striatum.

A most interesting old hardy plant that appears to have been lost from cultivation for a long time, has only recently been re-introduced, and is one of our most desirable perennial plants. It is of strong, robust, erect habit, growing from 3 to 4 feet high, with flowers about 1½ inches in diameter, in large branching heads, of a deep orange color, irregularly striped and blotched with crimson. A most novel and unique combination and distribution of colors. Occasionally during extremely hot weather, the red stripes disappear, the flowers coming a pure yellow.

10 cts. each; \$1.00 per doz.; \$8.00 per 100.

Hypericum Moserianum.

One of the very best herbaceous plants of recent introduction. The habit of the plant is free and graceful; it produces long, slender, much-branched stems, leafy to the base and all drooping toward the ends, apparently from the weight of the flowers and buds, although the flowers face so that none of their beauty is lost. It is marvelously free flowering, of large size, measuring from 2 to 2½ inches in diameter, in color a rich golden yellow, which is rendered still more effective by the numerous yellow stamens and crimson anthers, and blooms continuously the entire season. It is perfectly hardy, forming a bush about 3 feet high. Strong one year plants \$1.00 per doz.; \$6.00 per 100.

Hypericum Tricolor.

A pretty variegated form of the above, 20 cts. each; \$2.00 per dozen.

IRIS KÄMPFERI.

Iris Kaempferi. (Japanese Iris.)

These magnificent Iris are among the most beautiful of our summer flowering plants, and are destined to become more popular every season. They commence blooming about the middle of June, and continue in flower for five or six weeks. Many of these flowers measure from ten to twelve inches in diameter, and rival the orchids in their rich colorings and markings. We offer twenty distinct varieties which were selected while in flower from over seventy-five of the best Japanese introductions. (For names and descriptions, see page 144 of our Retail Catalogue.) 15 cts. each; \$1.50 per dozen; \$10.00 per 100. Set of 20 varieties for \$2.50. Choice mixed varieties, \$1.00 per dozen; \$8.00 per 100.

Heuchera Sanguinea.

A most desirable perennial, of dwarf, compact branching growth and robust constitution, growing about 2 feet high. The flowers are produced in loose graceful spikes and come in the greatest profusion. In color it varies from light coral-red to crimson, and when seen in full perfection dazzles the eye with its brilliancy. 3 in. pots, \$1.00 per doz.; \$8.00 per 100.

Lychnis Chalcedonica fl. pl.

A fine old perennial plant, and the showiest of all the Lychnis. Producing immense heads of rich vermilion scarlet flowers. Exceeding in brilliancy the brightest of the Geraniums, and continuing in bloom the greater part of the summer. A strong growing plant 2 to 3 feet high, and can be used to good advantage for summer cutting.

\$1.50 per dozen; \$12.00 per 100.

Hardy Garden Pinks.

Her Majesty. The flowers of this fine variety are of large size and of the purest white, very fragrant, and borne profusely on stout, erect stems, 12 inches long. It is hardy, and will winter in the open border, or may be grown in cold frames for early forcing.

Juliette. White, laced crimson.

Laura Wilmer. White, purplish-maroon centre.

Snow (Mrs. Sinkins). Large, pure white, very fragrant.

Souvenir de Salle. Soft rosy pink.

Stanislaus. Violet-rose, deep crimson centre.

Very strong one year old clumps, \$1.00 per dozen; \$6.00 per 100.

2 inch pot plants (ready April 15th), 50 cts. per doz.; \$4.00 per 100.

RUDBECKIA, "GOLDEN GLOW."

Phlox Divaricata Canadensis.

One of our native varieties that is, however, but rarely met with, and which has been introduced into Europe the past few years as a novelty, and a plant that deserves a place in every American Garden as well, being one of the earliest spring flowers; frequently beginning to flower early in April, it continues until about the middle of June, with large bright lilac flowers, which are produced on stems about 10 inches high in large, showy heads, and are very fragrant. 2½ inch pots, 75 cts. per dozen; \$6.00 per 100.

Platycodon Mariesi.

A valuable new species of the Giant Bell Flower, which does not grow higher than a foot, forming a dense, branched bush, and bearing deep blue, bell-shaped flowers nearly three inches across, for a long season in late summer and early autumn. One of the finest of border plants. The unopened buds are nearly as beautiful as the flowers themselves, and are particularly interesting in their peculiar shape.

Strong roots, 75 cts. per dozen; \$6.00 per 100.

Platycodon Japonicus fl. pl.

(Double Japanese Bellflower.)

A pretty double flowered form of Platycodon Grandiflorum, with large, glossy, deep blue flowers, which average 2½ inches across. There are two rows of petals in the flower, which alternate with each other, giving the flower the appearance of a ten-pointed blue star.

Strong roots, \$1.00 per dozen; \$8.00 per 100.

Double Rudbeckia, "Golden Glow."

A glorious plant, and one that will find a place in every garden here and abroad; of fine habit, vigorous growth, with early, continuous and immense blooming qualities; it will be found excellent also for cut-flower purposes, inasmuch as the stems are long and often carry a dozen flowers furnished with most beautiful foliage. A large vase filled with these flowers is a beautiful sight.

Strong plants 60 cts. per doz.; \$5.00 per 100.

TRITOMA PFITZERII.

Rudbeckia (Echinacea) Purpurea.

One of the good old hardy perennials introduced in 1799, just one hundred years ago, but which has practically been lost sight of for some years. We consider it one of the best plants in our entire collection of hardy plants; it is of easy culture, succeeding in any soil, forming large broad bushy plants. From midsummer until late in fall, it produces a constant succession of showy reddish purple flowers about four inches across, with a remarkably large cone shaped centre of brown, thickly set with golden tips in spiral lines. 20 cts. each; \$2.00 per dozen.

Scabiosa Caucasica.

This is one of the handsomest hardy perennials we possess, and one which should be grown in every garden, if only for cutting purposes, for which they are particularly adapted, lasting a long time when placed in water, and their peculiar soft lilac-blue shade is charming. It is a plant that stands almost alone in its beauty and character, and one that can be grown in almost any soil or position, and is quite hardy. Year old plants, \$1.25 per dozen; \$10.00 per 100.

Tritoma Pfitzerii. (Flame Flower.)

A grand improvement on the old Tritoma Uvaria Grandiflora, the flower spikes which are produced with considerable more freedom than in the old variety, are of gigantic size, frequently 4½ feet high, with heads of bloom over twelve inches long. They are of a rich crimson-scarlet, shading to salmon-rose on the edges; a really first-class acquisition. 15 cts. each; \$1.50 per doz.; \$10.00 per 100.

GENERAL LIST OF

HARDY PERENNIAL PLANTS.

The increasing demand for hardy plants has induced us to give this class of stock more attention. The list offered below contains a selection of the most desirable sorts. Full descriptions and illustrations of many will be found on pages 137 to 148 of our Retail Catalogue.

DEUTZIA LEMOINEL.

Deutzia Lemoinei.

Without doubt one of the most important new hardy plants offered in many years. It is a hybrid between *D. gracilis* and *D. parviflora*, and has the advantage over the former of having flowers nearly three times as large, which are produced in broad-based cone-shaped heads of from 20 to 30 flowers each, and are of purest white, which open out very full. It is perfectly hardy, and will not only prove a valuable plant for the garden, but is certain to become one of the standard plants for forcing into flower in winter, more especially at Easter, and it is quite sure to take the place of the popular *D. gracilis*.

Strong one-year-old field-grown plants, \$1.25 per dozen ; \$10.00 per 100. Strong 2½-inch pot plants for growing on, \$5.00 per 100 ; \$40.00 per 1000.

Hardy Rhododendrons for Outdoor Planting.

The varieties we offer are all of the hardiest kinds, such as from experience are known to succeed in our climate.

		Each.	Per doz.	Per 100.
15 to 18 in. high bushy plants,	6 to 10 buds	75	\$9.00	\$70.00
18 to 20 " " "	8 to 12 " "	\$1.25	12.00	90.00

SPIRÆA ANTHONY WATERER.

Crimson Spirea, Anthony Waterer.

A valuable and remarkable new shrub. This is one of those exceptional novelties that occur only at rare intervals, adding richness and beauty to our garden-flora. It outshines all Spiræas in brilliancy of color, being of a bright crimson, of dwarfer and denser growth, and a profuse and continuous bloomer, being in bloom during the entire summer and fall. It makes an admirable pot plant as well, and will no doubt become a standard plant for Easter decoration.

Strong one year old plants, \$1.00 per doz.; \$8.00 per 100.

Xanthoceras Sorbifolius.

A rare and pretty shrub, producing long racemes of pure white flowers, with copper colored streaks at base of petals, flowers early in May. 20 cts. each ; \$2.00 per doz. ; \$15.00 per 100.

New Weigelia Eva Rathke.

It is only rarely that we notice decided novelties in this popular shrub, but in *Eva Rathke*, we certainly have a grand acquisition, a variety that is at once a remarkably free bloomer, and entirely distinct in color, it being a rich reddish purple, entirely different from anything before offered. 15 cts. each; \$1.50 per doz.

General Assortment of Hardy Shrubs

	Per 100
Azalea Hardy Ghent, bushy, 18 to 24 in. high.	\$45 00

Japanese Maples.

Following varieties can be supplied in plants 15 to 18 inches high; \$25.00 per 100.

Aureum, Atropurpureum, Atropurpureum Dissectum, Atrosanguineum.

California Privet for Hedging.

We can supply a fine lot of this in first-class transplanted stock.

	Per 100.	Per 1000.
1 year old 1-1½ feet high,	\$2 00	\$15 00
2 “ “ 2-2½ “ “	3 00	25 00
3 “ “ 2½-3 “ “	3 50	30 00
3 “ “ 3-3½ “ “	4 50	40 00
3 “ “ 3½-4 “ “	5 50	50 00

Hardy Vines and Climbers.**Akebia Quinata.**

We offer a large stock of this climber; strong plants.

3 inch pots, \$1.00 per dozen; \$5.00 per 100.
4 “ “ 1.50 “ 10.00 “
6 “ “ 2.50 “ 16.00 “

Ampelopsis Veitchii.

Strong two-year-old field grown plants, 75 cts. per doz.; \$6.00 per 100; \$50.00 per 1000.

Ampelopsis Virginica.

Strong two-year field grown plants, \$1.00 per doz.; \$8.00 per 100.

Aristolochia Siphon.

(Dutchman's Pipe Vine.)

We offer an extra fine stock of this most useful hardy climber in extra strong long vines. \$4.00 per dozen; \$30.00 per 100.

Apios Tuberosa.

Strong Tubers. \$2.00 per 100.

Bignonia (Trumpet Creeper.)

Radicans. Strong plants. \$2.00 per dozen.

Cinnamon Vine.

Strong roots 6 to 10 inches long, 50 cts. per dozen; \$3.50 per 100.

New Red Clematis.

M. Koster. A bright rosy carmine, not as rich in color as Mme. Edouard Andre, but possessing the advantage over that beautiful variety of being a much stronger, freer grower, and also of being remarkably free in flowering, while Mme. Edouard Andre, though richer and brighter in color, lacks in constitution, and makes but a light growth. We have seen M. Koster under ordinary nursery culture, a height of 6 to 8 feet, in two year old plants, with hundreds of flowers open at one time. 35 cts. each; \$4.00 per doz.

Hardy Clematis.

We have again this season a fine stock of good, strong plants, two years old, own roots.

Boskoop Seedling. Extra large lavender.

Duchess of Edinburgh. Double pure white.

Fairy Queen. Pale flesh with a pink bar.

Gipsy Queen. One of the finest rich purple varieties.

Henryi. Finest large single white.

Jackmanni. The best known and most popular variety.

Color: dark, rich, royal purple.

Madam Baron Veillard. Light rose, shaded lilac.

Mme. Van Houtte. Pure white; extra fine.

Miss Bateman. White with chocolate-red anthers.

Standishi. Light blue.

The Gem. Deep lavender blue.

The President. Bright bluish purple.

\$3.75 per dozen; \$30.00 per 100.

Mme. Edouard Andre. Nearest approach to red.

Strong 1 year old, 30 cts. each; \$3.00 per doz.

Clematis Crispa. Clematis Coccinea.

We have a fine stock of strong two-year-old plants of the above two varieties at \$1.00 per doz.; \$7.00 per 100.

Clematis Flammula.

Strong two-year-old plants of this old favorite. \$1.25 per dozen; \$10.00 per 100.

Clematis Paniculata.

This Japanese variety is becoming more popular every season. It is a strong grower, free bloomer, and absolutely disease proof; you cannot recommend it too strongly to your retail customer, as it cannot help but please.

We offer strong two year old field-grown plants, \$1.00 per dozen; \$8.00 per 100.

Ipomœa Pandurata. (Hardy White Moon Flower.)

Strong dormant roots. 50 cents per dozen; \$4.00 per 100.

Honeysuckles.

“ “ “ “ “ “	4	1 25	10 00

Hardy Jasmines, White and Yellow.

Strong four inch pot grown, \$1.25 per doz; \$10.00 per 100.

Hardy English Ivies.

An extra fine lot of strong bushy plants in four inch pots, 3 ft. high, 3 to 5 shoots. \$1.00 per doz.; \$8.00 per 100.

New Variegated Ivy. Maderiensis.

Undoubtedly the prettiest of all the variegated Ivies, with large dark green foliage, beautifully blotched and marbled with creamy white. Strong plants in 4 inch pots, 35 cents each; \$3.50 per dozen.

New Hardy Ivy. Amurensis.

The hardiest of all varieties, will stand in any position, large shining dark green, heart-shaped foliage. 20 cents each; \$2.00 per doz.

Wisteria Sinensis.

Extra strong two-year-old plants, \$3.00 per doz.

Hardy Ornamental Grasses.

	Per 100.
Arundo Donax, strong, dormant eyes.	\$ 8 00
“ “ Variegata, strong, dormant eyes.	15 00
“ “ Macrophylla Glauca, new, 35 cts. each; \$3.50 per doz.

Eulalia Japonica Zebrina, strong, according to size.	\$6.00, \$8.00 and 10 00
Eulalia Gracillima Univitata, strong, according to size.	\$6.00, \$8.00 and 10 00
Festuca Glauca.	6 00
Gynerium Argenteum (Pampas Grass). Strong field-grown clumps.	20 00
Phalaris Arundinacea Variegata (Variegated Ribbon Grass).	5 00
Uniola Latifolia, strong plants.	10 00

AQUATIC DEPARTMENT.

We have the largest and best equipped Aquatic Department in the country, and are prepared to supply strong plants of the new and rare as well as the standard sorts of Water Lilies, etc. Florists would do well to plant a few of the leading kinds, they being one of the best "ads." we know of; people go miles to see the Water Lilies, that would not be attracted by any other class of plants.

Full descriptions and cultural directions will be found on pages 96 to 103 of our Retail Catalogue.

DREER'S RELIABLE FLOWER SEEDS.

We give close attention to the Flower Seed department of our business, which is probably the largest in quantity and variety in this country. Our constant aim is to procure the very best strains obtainable, both of home and foreign growth, and we spare no pains or expense with this object in view. We call special attention to our choice strains of Cineraria, Carnations, Calceolaria, Cyclamen, Gloxinia, Pansy, Primula, etc., which are acknowledged by leading growers to be superior in all respects. Our trade packets contain a liberal supply; where smaller quantities are wanted, buyers can select from retail catalogue at a discount of one-third.

DREER'S SUPERB DOUBLE FRINGED PETUNIAS.

PETUNIAS.

We have long been celebrated for our magnificent strains of both the single and double fringed varieties, which we endeavor to improve each year by careful selection and hybridization. The past season we tested samples received from the leading Petunia specialists of the world, and we can safely say without fear of contradiction that *our own strain is the best that can be procured from any source.*

Concise information for growing out-door crops.
GRASSES AND CLOVERS.
Gives practical information on the subject.

PRICE, 25 cents each, by mail post-paid.

GRASS AND CLOVER SEEDS.

DREER'S PERMANENT PASTURE MIXTURE.

Dreer's Pasture Mixture is prepared to meet the average need. It is made up of the grasses best calculated to afford an abundant and nutritious food supply for stock. Its formula is based upon successful experience. For all ordinary permanent pasturage it will be found entirely satisfactory. If your fields are old and worn out, it will pay to plow up and seed again, when you will soon be cutting heavy crops again from Dreer's Permanent Pasture Mixture. You will be able to cut two crops each year, whereas from Timothy only you can cut but one.

Sow 50 lbs. to acre. In ordering state whether for light or heavy soil. Price, 15 lbs. bu., \$2.25; 20 lb. bu., \$2.75; 100 lbs., \$13.00.

Dreer's Grasses

For the Lawn.
For the Pleasure Ground.

Florists and Dealers make large profit in handling these mixtures.

Dreer's Fairmount Park Lawn Grass is put up in colored lithographed quart and pint boxes and sells rapidly. They make a handsome display, the illustration showing a view in Fairmount Park as per accompanying cut.

PRICE.

One pint boxes (retail at 10 cents each), \$5.00 per 100; \$45.00 per 1000; 250 @ 1000 rates.

One quart boxes (retail at 20 cents each), \$10.00 per 100; \$90.00 per 1000; 250 @ 1000 rates.

We also supply free of charge with orders for boxes, colored Chromos of the above mounted on canvas. They are excellent advertising matter.

Dreer's Fairmount Park Lawn Grass in Bulk, per bu., 20 lbs., \$2.75; retails for \$3.50.

Dreer's Evergreen Lawn Grass Seed.

A splendid mixture for growing in shady places, and makes a rich velvety lawn which retains its beautiful rich green color throughout the entire summer. Per bus. (20 lbs.) \$3.25; retails for \$4.00 per bus.

Dreer's Golf Links Mixture. Produces a turf which will stand rough usage, and used with great success on the leading club grounds throughout the country. Per bus. (15 lbs.) \$2.15; retails for \$2.50.

Dreer's Putting Green Mixture. The varieties used in this mixture are of the low growing kinds, and produce a thick, tough and beautiful green turf, holding its color throughout the entire season, and withstanding considerable rough usage. Also extensively used on terraces, embankments and steep slopes. Per bus (20 lbs.) \$4.00; retails for \$5.00.

Dreer's Permanent Pasture Mixture. See page 52.

Dreer's Peerless Plant Food. This is an article we offer this season for the first time. It is an odorless food of the very best quality, can be used for all plants, is clean and easily handled. Put up in one pound packages, wrapped in glazed green paper, neatly printed, and finds ready sale. With each dozen packages we supply an illustrated card for advertising. Retail price, 25 cts. per box. Price to florists, \$1.50 per dozen; \$12.00 per 100.

LAWN MOWERS.

The best Lawn Mower to buy is the one that runs the easiest, does the best work and is the most durable. All of these points of excellence we claim for the "Dreer Mower." These machines are built from our own patterns and designs, by the leading Lawn Mower manufacturers in this country. They are so constructed, with brass bushings for journals, that all wear can be easily taken up.

For sizes and prices see Retail Catalogue, page 162. To dealers and florists we allow a discount of 5%. Terms net cash.

BOOK ON GRASSES.

Dreer's Grasses and Clovers. Tells all about their uses and manner of sowing. Price, 25 cents, postpaid.

**Patent Plant Bed Cloth, for Shading.**

Light grade, 4 cts. per yard; per piece of about 65 yards, 3½ cts. per yard.

Medium grade, 8 cts. per yard; per piece of about 60 yards, 7½ cts. per yard.

Heavy grade, 10½ cts. per yard; per piece of about 40 yards, 10 cts. per yard.

Samples mailed on application.

Universal Glass Cutter.

Will never lose the point. It works entirely different from all others, having a diamond in one corner and a wheel in the other, thus giving a sure cut. The cocoa handle cutter has diamond nearly twice the size of the ebony handle.

Cocoa handle, \$3.75; Ebony handle, \$2.50.

Steel wheel cutters, 15 cts. each; \$1.50 per doz.

**The "Perfect" Glazing Point.**

No rights or lefts.

Price per box of 1000, 60c.; by mail, 75c.; in lots of 5000, by express, 55c. per 1000.

MASTICA.

For glazing green-houses, new or old. Elastic, adhesive, easy to apply. Every florist has experienced difficulty in getting putty that is satisfactory for any length of time. The fact is, putty is not adapted to stand the severe and varied tests to which it is subjected on a green-house. Mastica being elastic, is not affected by the expansion and contraction, and retains this property for years.

One gallon will cover about 300 running feet (one side).

1 gallon \$1.00; 5 gal. \$4.50.

Mastica Glazing Machines (see cut) \$1.00 each.

**SUNDRIES.**

Grafting Wax, first quality, in bars, with directions for using. ¼ lb. 10 cts.; ½ lb. 15 cts.; 1 lb. 25 cts.; postpaid, 45 cts.

Jersey Peat, for potting plants, etc. \$1.25 per bbl.; 5 bbls. \$5.00.

Propagating Sand. \$1.00 per bbl.

Prepared Potting Soil. 50 cts. per bus.; \$1.00 per bbl.

Sphagnum Moss, for packing growing Orchids, Plants, and Trees, etc. \$1.25 per bbl.; \$2.00 per bale.

TYING MATERIALS.

Indispensable for stringing Asparagus, Smilax and other climbing plants, Silkline is the very thing so long needed.

Green Silkline is fast color and will not fade; is very strong and will not break down. Coarse or fine, put up on 2 oz. spools, 8 in a box, 16 oz. of Silkline guaranteed. Price \$1.25 per lb.; per spool 20 cts. Silkline is also used for Bouquet and general florist work. For stringing Asparagus use the F. F. F.

RAFFIA.

The best material for tying plants, vines, etc. Per lb. 18 cts.; 50 lbs. \$7.50; 100 lbs. \$14.00; bale of about 225 lbs. 12 cts. per lb.

TWINES.

White Cotton Twine for tying Pot-herbs, etc. Per lb. 20 cts.; 10 lbs. \$1.75.

Celery Twine for tying Celery, being 5-ply and much stronger. 16 cts. per lb.; 5 lbs. 75 cts.

Two-ply Coarse Cotton Twine for general use in tying Beets, Carrots, etc. 16 cts. per lb.; 5 lbs. 75 cts.

Jute Twine for tying Plants or Vegetables. 10 cts. per lb.; 100 lbs. \$8.00. Can be supplied in 2, 3 and 4 ply.

Tar Twine for tying Mats and Fodder, etc. 10 cts. per lb.; \$8.00 per 100 lbs.

FLORISTS' VASES.

Prices reduced.

The best made for cut flowers. Indurated fibre ware, moulded from wood pulp, all in one piece. Neat, attractive, durable and water-proof.

DREER'S WHOLESALE PRICE LIST.

"PLANET JR.," No. 5

SEEDER

Price, \$12.00

All crops that are to be grown from seed and thinned to a regular stand should be planted in hills at just the distance apart the plants are desired. The new No. 5 drops at 4, 6, 8, 12 and 24 inches apart, and also in a continuous row, and can be changed from hill to drill instantly, or from one distance to another very quickly. Capacity four quarts.

"PLANET JR." No. 3

Hill Dropping Seeder.

An improved Hill Dropping Seeder for 1899, will sow in a continuous row, in the ordinary way, with regularity; or will drop in hills, either 4, 6, 8, 12 or 24 inches apart. It is changed in a moment from hill dropping to drill work. Capacity 2½ quarts. **Price, \$9.00.**

Fertilizer, Pea and Bean Drill.

Entirely new in principle. It carries a half bushel of seed or fertilizer. These it sows in the furrow in the most regular manner at any thickness wanted, without clogging.

It is galvanized, is durable, and very light-running.

Price, \$12.00.

"PLANET JR." No. 8 Horse Hoe.

Without Depth Regulator, (order as No. 7.)
\$7.00.

The "Planet Jr." Combined Horse Hoe and Cultivator is strongly built, is light and easy to handle.

The Reversible Side Hoes, as shown in the cut, act as plows or hillers, but when turned end for end the tool becomes a genuine horse hoe.

"PLANET JR." No. 11 Double Wheel Hoe.

\$8.00.

This tool combines in itself all good points with valuable new ideas. Wheels can be set at four different distances apart, and the frame at three different heights. Adjustable handle are undisturbed in making changes of frame wheels or of the tools themselves. Stiff steel arch unusually high.

No. 12 Double Wheel Hoe.

This tool is identical with No. 11, except that it does not have the plows or short hoes. **Price, \$6.00.**

No. 13 Double Wheel Hoe.

This tool is the No. 11 with the 6 inch hoes only. **Price, \$4.00.**

"PLANET JR." No. 15 Single Wheel Hoe.

\$6.00.

This latest and best Single Wheel Hoe, improved for 1899. The frame changes in height, and the wheel to the other side of the frame, when both sides of the row can be hoed at one passage.

No. 16 Single Wheel Hoe.

This Wheel Hoe is identical with No. 15, except that it has fewer tools. The equipment is two 6-inch hoes, three cultivator teeth, two rakes and leaf lifters. **Price, \$5.00.**

No. 17 Single Wheel Hoe.

The same as No. 15, but with a pair of 6-inch hoes, a set of cultivator teeth and a plow only. **Price, \$4.00.**

No. 18 Single Wheel Hoe.

The same as No. 15, but it has one pair 6-inch hoes only. **Price, \$3.00.**

"PLANET JR." Harrow and Cultivator.

Price, plain, \$4.90
" with Wheel, 6.15
" complete, 7.50

This is a Market Gardeners' Tool. It has a high frame and the chisel-shape teeth cut an inch wide each.

The foot lever pulverizer is a capital addition for preparing ground for the seed drill or for plant setting, and controls the depth of the rear teeth. It contracts to 12 inches, expands to 32 inches. It cultivates deep without throwing earth upon the plants.

FERTILIZERS.

Pure Ground Bone.
Pure Bone Meal. 200 lb. sack, \$3.25; ton, \$28.00.
Pure Bone Flour. 100 lbs. \$2.25; bag or bbl. 200 lbs. \$4.00; ton, \$36.00.
